American Board of Family Medicine

CANDIDATE INFORMATION BOOKLET
RECOGNITION OF FOCUSED PRACTICE IN HOSPITAL MEDICINE

SPRING EXAMINATION: APRIL 7, 2015
FALL EXAMINATION: OCTOBER 22, 2015
SCHEDULE FOR THE SPRING 2015 ADMINISTRATION OF THE RECOGNITION OF FOCUSED PRACTICE IN HOSPITAL MEDICINE EXAMINATION

Application Registration Period: October 17, 2014 through February 2, 2015

<table>
<thead>
<tr>
<th>Application Submission</th>
<th>Application Fee</th>
</tr>
</thead>
<tbody>
<tr>
<td>By February 2, 2015</td>
<td>$1,300</td>
</tr>
</tbody>
</table>

Note: “filing” the application means starting the application and advancing beyond the payment section.

IMPORTANT DATES

February 2, 2015  Last day to:
- Submit an online application
- Submit special testing (ADA) documentation

February 9, 2015  Last day to:
- Clear all application deficiencies
- Make official name change with ABFM for examination

February 16, 2015  Test center selection deadline

30 Days Prior to Scheduled Examination  Last day to withdraw application without incurring a late cancellation fee ($35)

5 Days Prior to Scheduled Examination  Last day to withdraw application without incurring a seat fee ($150)

48 Hours Prior to Scheduled Examination  Last day to change testing date or location

EXAMINATION DATE

April 7, 2015
(Note: candidates will select only one date for the examination)
APPLICATION REGISTRATION PERIOD: February 20, 2015 through June 22, 2015

<table>

INTRODUCTION

This booklet provides general information concerning the Recognition of Focused Practice in Hospital Medicine and instructions for completing the online application.

The American Board of Family Medicine (ABFM) has joined the American Board of Internal Medicine (ABIM), in establishing a pilot program for Recognition of Focused Practice in Hospital Medicine pursuant to the directives of the American Board of Medical Specialties (ABMS) Board of Directors.

Participation in the five year pilot is voluntary. The pilot program assesses, sets standards for, and recognizes the specific knowledge, skills and attitudes of internists and family physicians that focus their practice in the care of hospitalized patients.

ABIM and the ABFM will be using the same eligibility requirements, exam content and scoring process. The first examination was administered by ABIM on October 25, 2010. This booklet provides schedules and information for both the Spring and Fall exams.

Please read the entire booklet carefully before beginning the application.

All candidates are encouraged to start the online application and advance beyond the fee payment page prior to the initial application filing deadline in order to avoid incurring late filing fees. Any outstanding requirements and/or deficiencies must be completed by the published deadlines. Further, all application requirements must be completed prior to selecting a test date/location.

Candidates will receive notification via email of application approval or of any deficiencies immediately after the application is submitted. Although reminders of deficiencies or any missing materials will be sent by email, it is the candidate’s responsibility to review their Physician Portfolio and submit all required items by the published deadlines. Additionally, if an application is not completed in its entirety, it is the candidate’s responsibility to return to application and complete each page prior to the final deadline. Any application that remains deficient after the final deadline to clear deficiencies will automatically be withdrawn.

Further questions about the MC-FP Examination should be directed to the ABFM Support Center at (877) 223-7437 or help@theabfm.org.

It is the sole responsibility of an ABFM candidate to be aware of and comply with registration deadlines. In fairness to all candidates, the Board adheres firmly to the published deadlines for registration and late registration for all examinations. Candidates are encouraged to apply early in the registration period to avoid late fees or problems. Issues arising from a candidate’s inability to logon to the ABFM application system (e.g., forgotten ID/Password, computer technical difficulties, or operator error) must be resolved and all components of the application completed prior to 11:59 P.M. Eastern Time on the deadline date. The ABFM staff and Support Center make every effort to assist with these issues promptly; however, candidates are responsible for contacting the ABFM for assistance well in advance of the deadline.
COMPLETING THE APPLICATION

The process of registering for the examination can seem daunting. The purpose of this section of the Candidate Information Booklet is to provide essential information about ensuring the board has accurate information about the candidate, the application process, the requirements candidates must meet prior to and/or while completing the application process, and choosing a testing location and seat.

Password

The password provided to a candidate for accessing the Physician Portfolio is confidential. Candidates will be required to change the initial password they are assigned and are then strongly encouraged to use a password known only to them. There is a link in the Physician Portfolio that allows the candidate to change the password at any time. Anyone with access to a candidate’s ID and password has access to all secure information pertaining to that candidate on our website. Further, examination results are accessible only on our website by using the candidate’s ID and password.

Personal Information

Candidates should confirm or update all personal information in the Physician Portfolio on the Contact Information page. Uneditable fields include name, ABFM ID number, gender, degree, birthdate, and last four digits of the social security number. If any of this information is incorrect, the candidate must contact the ABFM Records Department to have it corrected.

The ABFM requires candidates who have had a legal name change to submit a copy of the appropriate legal document (e.g., marriage, divorce, etc.) in order to change our record. However, it is important to note that the name on record with the ABFM should exactly match the name appearing on the ID presented for admittance to the examination. Any discrepancy in the name will potentially delay or prevent admittance to the examination. All name issues should be resolved by the deadline for clearing application deficiencies. Please contact the ABFM Records Department for assistance with any name issues.

Candidates also should verify, update, or enter their primary mailing address. This is the address the certificate will be mailed to. Address information can be updated through the Physician Portfolio at any time by clicking the Contact Information link.

E-Mail

The ABFM will correspond with examination candidates through email. Candidates should ensure that the ABFM has a current email address on file. Email information can be updated through the Physician Portfolio at any time by clicking the Contact Information link.

During the registration process, candidates are required to reply to an email confirmation, which verifies that the email address on file is accurate and the candidate is able to receive emails from the ABFM. (Many email services do not notify senders that an email is received or rejected; as such, we may be unaware our communications are not reaching intended recipients.) Once the email confirmation is complete, candidates must return to the application and complete all remaining application pages.

All candidates are required to have a confirmed email address during the application process.
Fee Payment

Spring Registration Period: October 17, 2014-February 2, 2015

</tr>
</thead>
<tbody>
<tr>
<td>By June 22, 2015</td>
<td>$1,300</td>
</tr>
</tbody>
</table>

In order to expedite the process of applying for the exam, and to avoid late filing fees, candidates are encouraged to file applications by the first application deadline. The ABFM defines “filing” an application as the date the application is started and advanced beyond the payment page.

The online payment option of the American Board of Family Medicine uses Secure Sockets Layer (SSL) technology to encrypt the personal and financial information being sent over the Internet. The candidate’s browser will display a locked padlock icon near the bottom of the window to indicate that SSL encryption is being used. Consequently, candidate’s may be assured that the easy-to-use, online payment process is a highly secure payment option.

If a candidate prefers to submit a credit card number in writing or pay by check, a payment information page can be printed from within the online application to submit with payment. Once the ABFM has processed the payment, the candidate will be able to complete the application.

If a credit card is declined or a check is returned by the bank, the fee must be resubmitted for the original amount plus a non-sufficient funds (NSF) fee of $50.00, and must be paid by certified check or money order. Further, the testing appointment will be cancelled for any candidate whose credit card is declined or check is returned, and the candidate will not be able to reschedule until all fees have been paid.

Please note: No candidate will be allowed to take the examination until all fees are paid and all necessary requirements have been satisfactorily met. If a candidate is not successful on the examination, the application/registration process must be repeated, and will include payment of the full examination fee.

Withdrawal/Refund Policy

Any candidate who is unable to complete the application requirements or who needs to delay participation in the examination, is encouraged to withdraw their application. This is accomplished through the Physician Portfolio by clicking the Recognition of Focused Practice link and then selecting the Withdraw option. By selecting the withdraw option the candidate will be cancelling their current application and the fees for that examination will be applied to the next testing window. An examination fee can be carried forward for a maximum of three (3) years. If a fee is not used, by taking the examination, within the three-year period, a partial refund will be issued (that is less all applicable fees). Any fee(s) incurred for late withdraw or no-show will be applied to subsequent registrations and those fees must be paid prior to registering for the next examination.

Candidates who have withdrawn an application and who prefer to receive a refund (rather than the fee being carried forward) must submit a written request to help@theabfm.org. Refunds will be issued within 2–3 weeks of receipt of the request. Please note: the application processing fee ($200) and any late fees paid are non-refundable. Additionally, any cancellation fee or seat fee incurred due to late withdrawal will be withheld from the refundable portion of the examination fee.
Requirements

- Current primary certification in family medicine
- All candidates must hold a currently valid, full and unrestricted active license to practice medicine in the United States or Canada. Institutional, temporary, and training medical licenses are not acceptable.
- Verification of at least 3 years of unsupervised hospital medicine practice experience in the United States or Canada that fully meets the requirements of one of the qualifying pathways.
- Attestation by the Diplomate and an approved hospital officer at the practicing hospital verifying active clinical practice in the hospital setting and the required patient encounters within a given time period and participation in a hospital medicine fellowship program, if this option is being used to partially meet the patient volume requirement
- Completion of six (6) approved MC-FP Hospital Medicine related activities in the last ten (10) years, of which four (4) activities must have been completed in the last three (3) years with one being an approved Part IV activity
- Completion of a formal application including the full examination fee for Recognition of Focused Practice in Hospital Medicine
- Successful performance on the one-day computer-based Recognition of Focused Practice in Hospital Medicine Examination

Requirement Details

CURRENT DIPLOMATE STATUS. To submit an application for the Recognition of Focused Practice in Hospital Medicine Examination, candidates must be currently certified by the American Board of Family Medicine (primary certification). Primary certification in Family Medicine must be held at the time of application and examination as well as throughout the entire designated time for holding such recognition.

SATISFACTORY DOCUMENTATION OF PRACTICE EXPERIENCE IN HOSPITAL MEDICINE. Candidates may apply via one of the two practice pathways listed below. The candidate and an approved officer of the hospital(s) at which the candidate practices will need to attest to one of the following:

- **Direct Patient Care Pathway** (i.e., full-time hospital practice) Requires that the Diplomate demonstrate having spent at least three years of unsupervised Hospital Medicine practice experience in the U.S. or Canada that meet the following criteria:
  - a minimum of 1000 Hospital patient encounters (limited to one encounter per patient per day) per year in the last 3 years, or 3000 in the last 3 years
  - submission of Hospital Practice Verification Form signed by supervisor at hospital(s) where employed to attest to 3000 hospital patient encounters in the last 3 years

Completion of one year formal training in a Hospital Medicine Fellowship program can be counted for a maximum of 1000 patient encounters when applying through the Direct Patient Care Pathway.

- **Clinical /Systems Pathway** (i.e., full-time hospital medicine professional activity with part-time hospital practice) Requires that the Diplomate demonstrate having spent at least three years of unsupervised Hospital Medicine practice experience in the U.S. or Canada that meet the following criteria:
  - a minimum of 250 hospital patient encounters (limited to one encounter per patient per day) per year in the last three years or 750 in the last three years
  - these encounters must comprise at least 75% of total clinical activity, and
Completing the Application

- at least 50% of the remaining non-clinical professional time must be directed toward improving the care of hospitalized patients

Both the “Direct Patient Care Pathway” and “Clinical/Systems Pathway” require substantiation of all hospital practice experience by submission of the Verification of Hospital Medicine Practice Experience Form. This verification form will be presented within the online application.

For either of the pathways, the three-year practice threshold requires that candidates have not been in a residency or fellowship training program (other than a fellowship in Hospital Medicine) in the last three years prior to seeking recognition of focused practice in Hospital Medicine.

The ABFM will randomly audit the attestation process via communication with the selected officer of the hospital and enrollment is considered agreement to this audit process.

Furthermore, candidates will be required to submit another attestation as to the practice thresholds each and every three-year period after initial recognition.

Verification of Hospital Medicine Practice Experience. Within the application there will be a form that candidates must print out, and indicate the name of the hospital, range of dates and number of patient encounters that comprise the required practice experience necessary to meet the requirements of the pathway chosen. This Verification of Hospital Medicine Practice Experience Form should then be given to an approved officer of the hospital to have him/her attest to having direct knowledge of the candidate’s three years of unsupervised hospital medicine experience. This form must be signed by the appropriate officer at the hospital where the candidate obtained the patient encounters to attest to practice levels and could be one of the following: Board of Directors Chair Person or Board of Directors President, Chair of Family Medicine, Chief Executive Officer, Chief Medical Officer, Division Director, Section Chief, Service Line Chief, or Medical Director.

For those applying via the Direct Patient Pathway, there is also a form for verifying any hospital medicine fellowship completed. One year of hospital medicine fellowship can be counted for a maximum of 1000 patient encounters when applying through the Direct Patient Pathway.

If hospital practice experience was acquired at more than one hospital, a form should be provided to each hospital for their attestation.

Three Years Since Residency or Fellowship. Physicians may not have participated in a residency or fellowship training program in the last three (3) years prior to applying for the RFPHM examination. However, this does not apply to formal training in a Hospital Medicine Fellowship.

Hospital Medicine Focused Practice Recognition Module Requirements. Candidates must complete six (6) approved MC-FP Hospital Medicine related activities in the last ten (10) years, of which four (4) activities must have been completed in the last three (3) years with one of the four being an approved Part IV activity. Three years will be determined by the three year period just prior to application date.

The self assessment modules (SAMs) and performance-in-practice (PPM) Part IV activity requirements are not required to be completed prior to the exam, however in order to be listed on the ABFM website with the Recognition of Focused Practice in Hospital Medicine, candidates must pass the exam and have completed the six (6) required modules in the last ten (10) years.

The following are acceptable American Board of Family Medicine MC-FP activities for meeting the Hospital Medicine Module requirements:

- SAMs (Part II): Asthma, Cerebrovascular Disease, Coronary Artery Disease, Diabetes, Heart Failure, Hospital Medicine, Hypertension, Pain Management.
- PPMs (Part IV): Asthma, Coronary Artery Disease, Diabetes, Heart Failure, Hypertension.
- MIMMs (Part IV): Information Management Methods in Medicine, Cultural Competency Methods in Medicine.
The following are acceptable modules provided by other organizations:

- American Academy of Family Physicians (AAFP) METRIC - Diabetes
- American Academy of Family Physicians (AAFP) METRIC - Asthma
- American Academy of Family Physicians (AAFP) METRIC - Coronary Artery Disease
- American Academy of Family Physicians (AAFP) METRIC - Chronic Obstructive Pulmonary Disease
- American Academy of Family Physicians (AAFP) METRIC - Hypertension
- National Committee for Quality Assurance (NCQA) Physician Recognition Programs - Diabetes
- National Committee for Quality Assurance (NCQA) Physician Recognition Programs - Heart Disease/Stroke
- Illinois Academy of Family Physicians (IAFP) module - Managing Childhood Asthma in Primary Care
- American College of Physicians (ACP) modules ACOVEprime - Closing the Gap: Diabetes Care and Cardiovascular Risk
- Novant Health module Ambulatory Care Diabetes Performance Improvement CME
- American Board of Medical Specialties (ABMS) – Patient Safety Improvement Program

Demographics

For more than 20 years the ABFM has collected data on practice organization and scope of practice from candidates during the examination registration process. The information you provide enables the ABFM to understand how family medicine is changing, such as scope of practice, geographical distribution, evolving business models, size of practice, and whether your EMR is serving your needs. For years these data have guided the Board of Directors as they make decisions about how to help family physicians around the country improve the quality of care they provide to their patients. The accuracy of the information you provide is critical to how well the ABFM can make MOC more meaningful and useful to you.

Medical License

All candidates must hold a currently valid, full, unrestricted, and active license to practice medicine in the United States or Canada. Institutional, temporary, and training medical licenses are not acceptable and should not be entered on the application.

All licenses held by a physician, in any state or territory of the United States or province of Canada must be currently valid, full and unrestricted, whether or not the physician practices in the state, territory or province. Candidates shall be required to maintain a full and unrestricted medical license in the United States or Canada even if they are out of the country for extended periods of time.

Any action by a licensing authority potentially places a physician in jeopardy of losing Diplomate status and/or eligibility for certification or recertification. Should a physician be uncertain about the status of a medical license relative to ABFM policy, a written inquiry should be made to the Board prior to attempting an application. A violation of ABFM policy on licensure can be any action by a state licensing agency, agreement between a licensing agency and a physician, or voluntary action by a physician that revokes, restricts or suspends the physician’s medical license. In cases where a physician has changed his/her residence deliberately to avoid prosecution, loss of license, or disciplinary action by a state licensing
COMPLETING THE APPLICATION

agency, the Board reserves the right to revoke or suspend Diplomate status and/or prohibit application for certification. Should a license be revoked, restricted, or suspended following the submission of an application but prior to the examination, the application will be invalidated and the candidate will be prevented from taking the examination. A partial refund of fees will apply. Unrestricted licenses which have become inactive (e.g., expired, nonrenewal) are not a violation of the Board’s policy on licensure, as long as the physician maintains at least one other current, full, valid, and unrestricted medical license in the U.S. or Canada.

Should a license be revoked, restricted, or suspended following the examination but prior to the notification of examination results, the application and certification will be simultaneously invalidated. The full examination fee will also be forfeited.

If and when the physician’s revoked, restricted, or suspended license is reinstated in full (with no restrictions) and official written documentation of reinstatement is provided, the ABFM will honor the remainder of the current certificate and the Diplomate will not be required to be re-examined. If the current certificate has expired prior to the reinstatement of the license, the physician may submit an application for the next annual examination. Successful compliance with all application requirements in effect at that time will be expected.

The ABFM will verify the license status of all candidates through the Federation of State Medical Boards. However, it is the responsibility of family physicians to inform the Board in writing immediately following action by a licensing authority. If the candidate fails to notify the Board of any action within 60 days after the effective date, the physician shall be ineligible to seek certification for up to one year following the reinstatement of full and unrestricted licensure.

Applicants should respond "YES" to the question concerning revocation, modification, or restriction of your license, if there have been any actions taken. You will be required to provide specific information regarding the action, which will temporarily delay the processing/approval of your application until the issue has been resolved. Questions about licensure should be presented to the Board in writing.

Special Testing Accommodations

The ABFM provides reasonable accommodations in accordance with the Americans with Disabilities Act (ADA) and the ADA Amendments Act of 2008 (ADAAA) for individuals with documented disabilities who demonstrate a need for accommodation. In accordance with these Acts, the ABFM does not discriminate against individuals with disabilities in providing access to its examination program. Candidates must indicate through the examination application if special testing accommodations under the ADA are needed. Special testing accommodations will only be considered with appropriate documentation.

No candidate shall be offered an accommodation that compromises the ABFM examination’s ability to accurately test the skills and knowledge it purports to measure, and no auxiliary aid or service will be provided that will fundamentally alter the examination or will result in an undue burden to the ABFM. For further information regarding Special Testing Accommodations, please refer to the ADA Policy and Procedures available on our website.

All required documentation must be received by the final application deadline in order for staff to review and set the appropriate accommodations by the final deadline for clearing application deficiencies. After that date, requests with insufficient information, or that are incomplete for any reason, will not be processed
and the candidate will be required to take the examination under normal testing conditions or withdraw their application.

Any request for special testing accommodations received after the scheduling of a testing appointment will require the cancellation of the current appointment in order to process and review the candidate’s documentation.

**Comfort Aids**

Any outside items are prohibited in the examination room. All of the following items must be approved by the ABFM prior to the examination and appropriate documentation submitted to Prometric, the testing vendor. Should a candidate require any personal item during the examination, whether due to a medical condition or otherwise, please contact Stephen Huesing at shuesing@theabfm.org. All requests must be submitted prior to the final application deadline.

**Items that Require Pre-Approval**

Pre-approval is required for the following items to be used during testing (all other personal items must be stored in lockers):

- Eyeglasses
- Hearing aids
- Earplugs
- Neck Braces or collars
- Insulin Pump
- Sweaters, sweatshirts, blazers must be worn at all times; they cannot hang on the back of the candidate’s chair – if removed must be placed in locker.
- Pillows for back/neck support due to injury are permitted but require advance notification and inspection.
- Motorized cart/chair
- Wheel Chair
- Crutches, Cane, Walker
- Religious Headwear/Scarf/Hat
- Transcutaneous Electrical Nerve Stimulation (Tens Unit)
- Test Monitors without blood letting / attached to candidate
- Extra chair or footstool to support injured leg is permitted but requires advance notification

**Items Provided at Test Center**

The following items are provided by Prometric at the test center:

- dry-erase board and marker (no other writing surface or writing instrument allowed)
- tissues (only 2 tissues allowed in examination room at a time)

**Prohibited Items in Examination Room**

The following items can be brought to the test center, but must be stored in a locker:

- antacids
- asthma puff inhalers
- candy (as substitute for smoking; to relieve test anxiety)
COMPLETING THE APPLICATION

- chewing gum
- cough drops or throat lozenges
- diabetic test equipment (e.g., glucose monitor)
- eye drops (prescription or over the counter)
- lip balm
- required oral medication
- source of rapid glucose (liquid form)
- test monitors without bloodletting (i.e., attached to candidate)

Agreement Page of Application

The agreement page of the online application asks candidates to attest to having read the Candidate Information Booklet, including the full agreement located at the end of the booklet, and to agree to be bound by the conditions therein. Candidates also are confirming that all the information provided in the application is complete and true. The candidate’s full name and ABFM ID number will be presented to identify that they are the person signing the agreement. Candidates are asked to electronically sign the agreement by clicking “Yes, I Agree” and by providing their date of birth and last four digits of their social security number.

Approval of Application and Selection of Examination Date and Location

Once all components of the candidate’s application are completed and all deficiencies are cleared, the ABFM considers the candidate to be approved for the examination. The ABFM will automatically notify the ABIM that the candidate is eligible to select a testing date, time, and location.

Shortly after an application is approved, we notify the American Board of Internal Medicine (ABIM) of a candidate’s eligibility. Since ABIM is responsible for the administration of the examination, they will send a letter (referred to as a Seat Scheduling Letter) with instructions for contacting Prometric to schedule the exam appointment. Candidates will not be able to schedule an exam until receipt of the Seat Scheduling Letter which ABIM will start sending as of December 15, 2014 for the Spring exam or May 15, 2015 for the Fall exam. Remember, appointments are scheduled on a first-come, first-served basis. The final deadline for scheduling an exam is February 16, 2015 for the Spring exam or August 15, 2015 for the Fall exam.

For a listing of available Prometric testing centers, please visit: www.prometric.com/abim.

We strongly urge candidates to select a testing date and location as early as possible.

Testing Locations

United States, U.S. Territories, and Canada

Prometric provides testing in approximately 330 U.S. locations as well as 13 locations in Canada and several international locations. According to Prometric, 90 percent of the U.S. population is within 25 miles of a testing center. The full list of locations is always available on their website and is updated for each examination administration to add new locations or delete those no longer being utilized. For specific locations of available testing centers go to www.prometric.com/abim and click on “Locate a Test Center.”

International Test Centers

The ABFM and Prometric offer testing at several international locations. Prometric has in place an established network of professional test centers providing the same high level of security, candidate verification, and secure examination administration as their U.S. testing locations. To search for available international locations, go to www.prometric.com/abim, click on “Locate a Test Center,” and select the country of interest to see if there is a location there.
Once an international testing location has been selected, candidates will be prompted to submit the international testing fee of $500. This is an additional cost beyond the normal application fee and is applicable only to the international sites. After confirmation of the appointment at an international location has been received, candidates will return to the online application to pay this fee. If after paying the international testing fee, the appointment is withdrawn or cancelled, but it is 5 days or more from the examination date, the $500 fee may be refunded; however, any withdraw or cancellation less than 5 days from the scheduled examination date will result in forfeiture of the $500 international testing fee.

Military personnel will not be required to pay the international testing fee if they are actively deployed outside the U.S. or Canada and select an international testing location. Requests for a fee waiver must be submitted in writing and include official deployment papers which indicate deployment at the time of the examination. Requests and documentation may be sent via email to help@theabfm.org or faxed to: (859) 335-7516.

Reschedule or Withdraw

Reschedule

Candidates who wish to change their test center will need to contact Prometric directly no later than 48 hours prior to their scheduled exam. Do not contact the ABFM to request a change in test center. The contact information for Prometric will be provided in the interim letter from the ABIM about scheduling the exam and in the original appointment confirmation letter from Prometric.

Withdraw

Candidates who choose to withdraw from the current examination, must do so on the ABFM website. Candidates may cancel their appointment by returning to the Physician Portfolio, clicking “Recognition of Focused Practice” and then selecting “Withdraw.” Candidates should not contact Prometric directly to cancel an appointment. In order to prevent a cancellation fee, an appointment must be withdrawn 30 days or more prior to the original scheduled examination date. Withdrawing within 29 to 5 days prior to the original scheduled examination date will incur a cancellation fee of $35. Any withdrawal less than 5 days prior to the original scheduled examination date will result in a seat fee of $150 and forfeiture of $200 paid for international testing fee (if applicable).

Please refer to our Refund policy for additional information regarding a refund.
EXAMINATION INFORMATION

Content
The Recognition of Focused Practice in Hospital Medicine (RFPHM) Examination will be a comprehensive one-day computer-based examination of multiple-choice questions in the single-best-answer format with an absolute standard for passing. The RFPHM Examination blueprint is available on the ABIM website. ABIM refers to the exam on their website as “Hospital Medicine Maintenance of Certification Exam.”

Go to www.abim.org
Select “Take the exam”
Select “ABIM Maintenance of Certification Exam”
Select “Dates, Blueprints, Scoring”
Select “Hospital Medicine Focused Practice”

Facts About the Examination

EXAM STRUCTURE. The exams are given in modular format with a maximum of 60 multiple-choice questions per exam session.

EXAM TIME. Candidates will have up to two hours to complete each session. The time remaining for each session will appear in the upper right-hand corner of the computer screen.

ASSISTANCE DURING AN EXAM SESSION. Candidates must remain in their seats during an exam session, unless authorized to leave by a test center administrator. Candidates may raise their hand to notify the administrator if they:

• Have a problem with the computer
• Need a clean scratch pad of paper
• Need to leave the testing room for any reason
• Have inadvertently brought any personal belongings into the testing room
• Need earplugs or headphones if they are easily distracted by noise, including typing noise
• Need assistance for any other reason

LEAVING THE TESTING ROOM DURING AN EXAM SESSION. If candidates need to leave the testing room during the exam session, the clock will continue to count down the exam time remaining in that session. Candidates must notify the test administrator and exit the testing room as quietly as possible. Candidates may not leave the immediate vicinity of the testing room or restrooms while an exam session is in progress.

RETURNING TO THE TESTING ROOM DURING AN EXAM SESSION. Candidates must provide an electronic fingerprint each time they enter and exit the testing room. The test administrator will provide instructions or assistance to get them back into the exam session.

TAKING BREAKS. Scheduled breaks occur at the completion of each session. Taking scheduled breaks is optional. When an exam session ends, the break screen will appear and candidates may indicate if they wish to take a break at this time or not. Indicating “yes” will prompt the timer to indicate the amount of remaining break time available for the entire day. Candidates will have 100 minutes total break time to use during the examination day. The amount of break time used after each test session will be subtracted from the amount of available break time. For instance, if a candidate takes a 10 minute break after session one, the amount of break time remaining for the remainder of the exam will be reduced to 90 minutes. Candidates may decline a break and immediately begin the next two-hour exam session, if they choose. Unused break time cannot be applied to testing time.
RETURNING FROM A SCHEDULED BREAK. Candidates must provide an electronic fingerprint each time they enter and exit the testing room. When seated at the workstation they will click to “end” the break period and begin the next exam session.

TECHNICAL OR COMPUTER PROBLEMS. In the event of a computer or other technical problem, the computer system will ensure that no testing time is lost and all responses are saved. Candidates may raise their hand to notify the proctor if there is a problem. The proctor will follow established procedures to resolve the problem.

Examination Admittance & Testing Vendor Information

The staff at each Prometric Center will follow standardized procedures to ensure that the operation of the test center meets the ABFM, ABIM, and Prometric testing criteria. The information below describes the process that will occur when candidates arrive at the test center.

1. Candidates will present two (2) personal identifications, as described below.

2. A digital fingerprint, security wand, signature, and photograph will be taken. Candidates cannot take the exam without having a fingerprint, signature, and picture taken.

3. Personal items are not permitted in the testing room. Candidates will be required to leave personal belongings outside the testing room, including cell phone, PDA, watch, wallet, and/or purse. A secure individual storage locker will be provided for these items. Storage space is limited, however, so candidates should plan accordingly. The ABFM, ABIM and Prometric assume no responsibility for candidates’ personal belongings. While the temperature in the exam room should be comfortable, dressing in layers is recommended. Outerwear (jackets, coats, etc.) are not permitted; however, sweaters are permitted. Sweaters or clothing removed cannot be hung on the back of the chair but must be placed in the storage locker.

4. Candidates will be asked to read an “ABIM Candidate Rules Checklist” agreeing to the security terms of the administration of the exam.

5. The test administrator will provide a scratch paper pad that may be replaced as needed during testing. (Note: Candidates also will be able to type and save notes in a pop-up box that accompanies each exam question.)

6. Candidates who are easily distracted by noise may request earplugs or headphones from the test administrator. Other than those provided by the testing center, headphones and electronic devices are not permitted in the test center. If desired, candidates may bring their own disposable earplugs into the test room.

7. The testing administrator will give a short orientation and then escort each candidate to a computer terminal/testing station in the testing room. Individuals who are left-handed may request that the mouse be moved to the left side of the computer monitor and reset to operate as a left-handed mouse.

Study Materials

The Board does not provide bibliographies or review materials. However, candidates may find it helpful to read a section on our website titled “Exam Preparation.” This can be found through our homepage (www.theabfm.org) by clicking “Initial Certification/Residency,” clicking “MC-FP Exam Info” and then selecting “Exam Preparation.” This webpage contains videos and study tip documents. Candidates may also access an examination tutorial on the ABIM website (http://www.abim.org/exam/prepare.aspx). This tutorial gives candidates an opportunity to familiarize themselves with the functionality of the examination software; it is not a content review.
Prometric Information

Prometric is the computer-based testing vendor the ABFM uses to administer the exam. Candidates may locate a test center or obtain specific directions to a test site at www.prometric.com/abim. For further assistance, we ask that candidates do not call Prometric directly; instead, contact the ABFM Support Center at (877) 223-7437 or at help@theabfm.org.

Examination Day Schedule

Examination start times may vary due to the fact that candidates may schedule their examination appointment at various times. Candidates who arrive 30 minutes or more after their scheduled examination time will be considered tardy and will not be permitted to test.

Sample Schedule:

*Taking scheduled breaks is optional. Candidates will have 100 minutes of available break time to use during the examination. The amount of break time used after each test session will be subtracted from the amount of available break time. For example, if a 10 minute break is taken after session one, the amount of break time remaining for the examination will be reduced to 90 minutes. Unused break time cannot be applied to testing time.

Examination Administration Protocols and Procedures

Violation of Procedures - Registration Process

**Government-Issued Form of Identification.** When the candidate arrives at the test center, they will be required to present primary and secondary identifications listed below:

*Primary ID:* A current government-issued ID that contains a recent photograph of the candidate and their signature. A valid driver’s license, passport, or state identification card is acceptable. Candidates will not be allowed to take the examination with an expired ID.

*AND*

*Secondary ID:* Does not require a photograph, but must include the candidate’s signature. For example, a social security card, valid credit card, or ATM card is acceptable. Note: Candidates without both a valid primary and secondary ID will not be admitted to the exam room.

The name that appears on your ID must match the name on record with ABFM. If the name on your ID does not match the name on file you will not be admitted to the exam.

**Test Center Security.** As a secure means for the candidate to enter and exit the testing room, a scan by a metal detector wand will be used. The scanning will be conducted in full view of the surveillance camera in the admitting area and if any prohibited items are found, candidates will be instructed to place them in
EXAMINATION INFORMATION

the locker provided. Refusal to be scanned may delay the process but candidates will still be admitted into the examination.

Additional Prometric security measures during testing include continuous monitoring by video, physical walk-throughs by test administrator and an observation window. All testing sessions are video and audio recorded.

Violation of Procedures – Registration, Waiting Area, Locker Area, Testing Room and External Areas

Areas within the testing vendor’s jurisdiction and control are generally recognized as the examination registration area, waiting area, locker area, and testing room. External areas are defined as locations within the building that houses the testing center, which are not under the vendor’s direct purview, such as bathrooms, lobbies, foyers, and cafeterias, but are observable by interested parties such as other candidates or test center personnel.

“Active Testing” is any period during which a candidate’s examination time clock is running.

Possession or Use of Prohibited Instructional Information or Personal Items. If a candidate, while actively testing or on an unscheduled break, is observed to have prohibited instructional information or personal items in their possession, the test administrator will immediately advise the candidate that a violation of the ABFM testing policy has occurred. Prohibited items include, but are not limited to reference materials, texts, articles, review materials, written notes, electronic media, devices designed to augment knowledge or recall, a watch or timepiece of any kind, cellular telephone, pager, personal digital assistant (PDA), mini-computer, camera, paper/writing surface or writing instrument (not provided by Prometric). If the candidate has simply removed any of these items from his or her locker but the item has not been accessed, the test administrator will request the item to be replaced in the locker and will remind the candidate of the requirements during active testing. The candidate may continue testing without penalty. However, if the prohibited information or personal item has been used/accessed or is found in the testing room, the candidate will not be permitted to continue testing and a final determination of the matter will be withheld pending the results of the ABFM investigation. All materials found in the examination room or removed from a locker by the candidate will be inventoried by the test administrator and listed in a detailed written Candidate Problem Report following the examination.

Communication with Others. If a candidate while actively testing, or on an unscheduled break, is observed communicating with other persons, including but not limited to other candidates, regarding medical information, examination content, or unknown topics, regardless of mode of communication, the test administrator will immediately determine the nature of the conversation and remind all parties involved that no communication of any kind is permitted during active testing. The candidate(s) will be warned that testing will continue without penalty, but a repeat violation will terminate the testing process. If a candidate is observed communicating with other persons in the examination room, the test administrator will advise the candidates that a violation of the ABFM testing policy has occurred. The candidates will not be permitted to continue testing and a final determination of the matter will be withheld pending the results of the ABFM investigation. In all cases, the test administrator will provide a detailed written Candidate Problem Report following the examination.

Looking at the Answers of Another Candidate. If a candidate while actively testing is observed looking at the answers of another ABFM or ABIM candidate, the candidate will be advised that a violation of ABIM testing policy has occurred. The candidate will not be permitted to continue testing and a final determination of the matter will be withheld pending the results of the ABFM investigation. The test administrator will provide a detailed written Candidate Problem Report following the examination.

Examination Administration Parameters

Failure to Comply with Specific Test Administrator Instructions. During the testing day, candidates must comply with the directions/instructions of the test administrator. Any candidate who does not follow
the instructions of the test administrator may be subject to dismissal from the testing center and/or having his or her examination invalidated.

LATE ARRIVALS. Any candidate who arrives 30 minutes or more after his/her scheduled start time will be considered tardy, will be considered a “No Show” and will not be permitted to test.

No SHOWS. Any candidate who fails to appear for their scheduled appointment will be considered a "no show" for the examination. The current application will be cancelled and the fees for that examination will be applied to the next testing window unless a refund is requested. A $150 seat fee will be applied to subsequent registrations and must be paid prior to registering for the next examination.

A VENDOR-CAUSED DELAY. If a candidate arrives at the test center on time, but begins the examination later than the scheduled appointment time due to a technical issue or other vendor-caused delay, the candidate will be given the full amount of testing time. Any candidate in this situation will be seated as quickly as possible.

UNSCHEDULED BREAKS DURING TESTING. The ABFM recognizes that candidates may need to take an unscheduled break from testing while the examination clock continues to run. Extended absences, multiple breaks, or excessive cumulative time away from testing will be subject to scrutiny by the ABFM. Additionally, the policies of the building housing the testing center regarding smoking, possession of foods and beverages either in the lobby or on the grounds outside the building must be obeyed.

Irregular Behavior

The Board’s examinations are copyrighted and administered in secure testing centers by test administrators who are responsible for maintaining the integrity and security of the certification process. Test administrators are required to report to the Board any irregular or improper behavior by a candidate, such as giving or obtaining information or aid, looking at test material of others, removing examination materials from the test center, taking notes, bringing electronic devices (e.g., beepers, pagers, cell phones, etc.) into the examination, failing to comply with time limits or instructions, talking, or other disruptive behavior. In addition, as part of its effort to assure examination integrity, ABIM utilizes data forensic techniques that use statistical analyses of test-response data to identify patterns of test fraud, including cheating and piracy. Irregular or improper behavior that is observed, made apparent by data forensics, statistical analysis, or uncovered by other means will be considered a subversion of the certification process and will constitute grounds for invalidation of a candidate’s examination.

Examination Results

After the examination is given, it will be analyzed and evaluated to ensure the reliability of individual results. Score reports will be available on ABFM website (www.theabfm.org), in the Physician Portfolio once the results data is received from the ABIM. ABIM expects to release results within 3 months following the date of each examination. Candidates will be notified via email when results are available.

Re-Examination

Qualified candidates who fail the examination will be given the opportunity to take it again. An application is valid only for the examination for which a candidate has applied. Full fees are charged for each re-examination.

Period of Certification

The Board of Directors has approved a pilot program, pursuant to the directives of the American Board of Medical Specialties (ABMS). This pilot will run for a period of five years with the first exam held in 2010. Recognition of Focused Practice in Hospital Medicine (RFPHM) will initially be valid for a ten-year period beginning with the successful completion of all requirements for the program. Requirements for maintaining RFPHM are currently in the process of being finalized. The ABFM will be evaluating the effectiveness of this pilot program, and continuation of RFHFM will be dependent upon the success of the pilot as
determined by the evaluation. Candidates will be required to participate in the evaluation process if selected.

If, for any reason, primary certification in Family Medicine is not maintained (e.g., expiration, revocation, etc.), Recognition of Focused Practice in Hospital Medicine will simultaneously be withdrawn at the time of the loss of the primary certificate. Upon restoration of the Family Medicine certificate, the RFPHM will simultaneously be restored for the remainder of the current period of recognition.

**Revocation**

Each certificate issued by the Board of Directors of the American Board of Family Medicine shall be subject to revocation in any of the following circumstances:

**General**

The issuance of such certificate or its receipt by the person so certified shall have been contrary to, or in violation of, any provision of the Articles of Incorporation of the American Board of Family Medicine, Inc., or of the Bylaws of the American Board of Family Medicine.

The person so certified shall not have been eligible to receive such certificate, irrespective of whether or not the facts constituting such ineligibility were known to, or could have been ascertained by, the Directors of the Corporation or its representatives.

The person so certified shall have made a misstatement of fact in the application for such certificate or in any other statement or representation to the Corporation or its representatives.

The person so certified shall at any time have neglected to maintain the degree of competency in the field of family medicine established by the Board.

The person so certified has fraudulently altered, copied, or changed a certificate of the American Board of Family Medicine, or has fraudulently presented, or allowed to be presented on behalf of the individual, an altered, copied, or changed certificate of the Board. In such cases, the Board reserves the right to revoke, suspend, and/or prohibit participation in MC-FP and subsequent certification of the offending party for a period not to exceed six (6) years from the date of discovery of the offense. In the event the individual appeals or otherwise challenges the suspension, the six (6) year period shall be tolled until the action of the Board is determined to be final and enforceable.

**Professionalism, Licensure, and Personal Conduct**

A Diplomate of the American Board of Family Medicine shall be required to be in continuous compliance with the ABFM Guidelines for Professionalism, Licensure, and Personal Conduct. Failure to comply with the Guidelines for Professionalism, Licensure, and Personal Conduct will result in loss of Diplomate status, loss of the ability to make application for Maintenance of Certification examination or other examinations offered by the Board, and loss of the Board Eligible status.

In the event a Diplomate is no longer in compliance with the Guidelines for Professionalism, Licensure, and Personal Conduct, the physician must inform the ABFM in writing and immediately cease identifying themselves in any way directly or indirectly as a Diplomate of the American Board of Family Medicine. Candidates for ABFM examinations and Diplomates of the ABFM should be aware that the ABFM receives periodic reports from the American Medical Association and the Federation of State Medical Boards regarding disciplinary actions by states against medical licenses. Should a physician be uncertain about whether or not they are in compliance with the Guidelines for Professionalism, Licensure, and Personal Conduct, a written inquiry should be made to the Board immediately.

**Authority**

The Board of Directors of the American Board of Family Medicine shall have sole power and authority to determine whether or not the evidence or information before it is sufficient to constitute grounds for revocation of any certificate issued by this Corporation. The Board of Directors may, however, at its discretion, require any person so certified to appear before the Board of Directors, upon not less than thirty
(30) days written notice by registered mail, and to show cause, at the time and place specified in such notice, why the certificate should not be revoked. The failure of any person so notified to appear as required in such notice shall, at the discretion of the Board of Directors, constitute cause for revocation of the certificate. The decision of the Board of Directors in all such matters shall be final.
AGREEMENT

Please read the following conditions regarding the administration of the examination. You will need to verify on the application that you have read and understand this agreement. Your application will not be processed without this acknowledgement.

I certify that all the information in this application is complete and correct to the best of my knowledge and belief. In order to be granted certification, I understand I must abide by the ABFM Guidelines for Professionalism, Licensure and Personal Conduct which includes obtaining and maintaining a currently valid, full, and unrestricted license to practice medicine. Furthermore, I understand that the examination for which I am applying is voluntary on my part and I voluntarily accept and agree without reservation to the conditions set forth in the Application and this Candidate Information Booklet. I understand that in making this application I am voluntarily requesting that the Board review and assess my professional standing and that the decision of the Board in making such review and assessment shall be final.

I further understand and agree that the American Board of Family Medicine may withhold or rescind approval of this application, and in the event I am certified as a Diplomate of the American Board of Family Medicine (ABFM), such certification may be revoked and my name deleted from the roll of ABFM Diplomates by order of the Board should it determine, in its absolute discretion, that:

1. Any of the information in this Application is false or contains material misrepresentations or omissions;
2. I am not in compliance with the ABFM Guidelines for Professionalism, Licensure, and Personal Conduct;
3. I fail to satisfy the criteria for certification.

I understand that in the event I am successful on the Recognition of Focused Practice in Hospital Medicine examination and am in compliance with ABFM Guidelines that my Diplomate status will remain in effect as long as I meet all of the current and future requirements by the established deadlines and am in continual compliance with the Guidelines for Professionalism, Licensure, and Personal Conduct. Furthermore, should I withdraw from the exam for any reason after paying the required fee, the policy set forth in the Candidate Information Booklet for the current Recognition of Focused Practice in Hospital Medicine Examination shall apply.

If my Application to sit for the Recognition of Focused Practice in Hospital Medicine Examination is approved, I understand and agree to the following conditions:

1. All the examination questions and all other examination materials are the sole property of the American Board of Family Medicine subject to copyright and intellectual property protections afforded by law. Questions or other materials have not been available for review by examinees before taking the examination and they will NOT be available for review by the examinees after taking the examination. No one is permitted to take any of the examination materials from the examination room. No one is permitted to reproduce the test questions in whole or in part, make written notes of the test content, or electronically copy, record and/or transfer test questions or preparatory material. Any notes taken during the exam and removed from the workstation will be considered exam content. The white board provided by Prometric is intended for preparatory notes only and must be erased & returned to the test administrator when not actively testing. No reference materials (texts, articles, or review materials) shall be permitted in the examination area. During and following the examination, examinees may not discuss the content of exam questions with anyone.

2. I understand that I am expected to complete all sections of the exam and attempt all questions. Should I neglect to complete any section of the examination, I understand that any questions not answered will be counted as incorrect, I will not receive additional time, nor will I receive a refund of the exam fee or credit toward future fees due to my failure to answer any questions.
3. I understand that during an examination, (when actively testing and the exam clock is running) I am prohibited from bringing into the testing room anything unauthorized by the Prometric testing staff. During active testing, I am prohibited from bringing instructional information or personal items including, but not limited to: reference materials, texts, articles, review materials, written notes, electronic media, devices designed to augment knowledge or recall, a watch or time piece of any kind, cellular telephone, pager, hand held computer, personal digital assistant (PDA), mini-computer, camera or any writing instrument except the writing instrument provided by Prometric testing staff. Furthermore, I will not be permitted to communicate with other examinees or any individual, except members of the test administration staff. During an active exam, I will not be permitted to leave the testing center except for scheduled breaks. Further, I will make no effort to observe the answers of other examinees or have anything at my workstation except materials provided by the administrators at the test center. Only the distributed note taking materials provided by the testing center (i.e. note/white board, paper, writing instruments, etc.) may be used in the exam room.

4. The use of telephones or leaving the testing area during active testing is prohibited.

5. I understand that I risk being unsuccessful on the entire examination if I do not follow instructions on the examination itself.

6. The American Board of Family Medicine reserves the right to refuse admission to any examinee after any session of the examination has actually begun.

7. The test administrators at my assigned test center are authorized by me to take all action they deem necessary and proper to administer the test securely, fairly and efficiently.

8. Smoking will not be permitted in the examination room.

9. In addition, should I do anything prohibited by the ABFM, or should I be in violation of ABFM policy set forth within this agreement and Candidate Information Booklet, my test scores will be invalidated.

10. I understand that after the exam, I may not discuss the exam with anyone.

11. I understand that I will be video and audio recorded throughout my time at the test center. If the ABFM receives reports from the test center staff or video/audio surveillance taped during my examination which provides evidence of any violation of policies or accessing prohibited materials described herein or removing notes from the workstation area, I agree to cooperate with the ABFM and acknowledge that the ABFM has the right to invalidate my exam, forfeit the full exam fee and pursue necessary legal action.

I agree that if I wish to have my examination rescored, I must make the request, in writing, within 14 days of the release of the test results. Please contact the ABFM for the rescore form needed. I understand that this review will be limited to verifying (1) that the responses scored were indeed made by me and (2) that the scoring process correctly transformed my responses into a scaled score. I further understand that this review will not be a review of the content of the items, or a reconsideration of what the correct answer should be. In addition, I understand that the review will not be a reconsideration of the passing standard or of the acceptability of the testing conditions.

I agree that the Board may, at its discretion, release information contained in this Application, my examination results and/or my examination scores to researchers selected by the Board to study the testing and evaluation programs of the Board under appropriate conditions of confidentiality established by the Board. Aside from research purposes, I understand that my individual and identifiable examination results and scores will be considered by the Board to be confidential, and, unless authorized by me, will not be released to others except pursuant to legal process.

I agree to hold the American Board of Family Medicine, its physicians, examiners, employees, officers and agents free from any complaints, claims or demands for damage or otherwise by reason of any act of omission or commission that they, or any of them, may take in connection with this Application, the availability of testing centers, exam administration, the grade or grades given with respect to my
examinations or the failure of the Board to issue me such certificate. I agree that the ABFM retains the right to deny, revoke, withdraw or suspend certification because of my failure to gain or remain eligible under periodically established ABFM guidelines.

I shall indemnify and hold harmless the ABFM, its physicians, examiners, employees, officers and agents free from any claim “including legal fees” or loss for my breach of this agreement.

I hereby understand and agree that in the event I am certified as a Diplomate of the American Board of Family Medicine, that certification shall continue only for so long as I continue to meet all of the current and future MC-FP requirements and continue to be in compliance with the Guidelines for Professionalism, Licensure, and Personal Conduct. I further understand and agree that in the event I am no longer in compliance with the Guidelines for Professionalism, Licensure, and Personal Conduct, for any reason or any term, I shall advise the American Board of Family Medicine at 1648 McGrathiana Parkway, Suite 550, Lexington, Kentucky, 40511-1247 and immediately cease identifying myself in any way directly or indirectly as a Diplomate of the American Board of Family Medicine.

It is understood that the decision as to whether my examination qualifies me for a certificate or whether I continue to meet the conditions of eligibility for maintenance of certification rests solely and exclusively with the American Board of Family Medicine and that its decision is final.

Arbitration of Disputes

Any case, controversy or dispute which may arise between the applicant and ABFM in connection with the application process, examination and/or the continued eligibility of maintenance of certification shall be settled and resolved by binding arbitration under the then prevailing rules of the American Arbitration Association (“AAA”). The arbitration dispute must be file in Lexington, KY. The decision of the arbitrators shall be final and binding, and judgment may be entered on the award of the arbitrators and enforced in any court of competent jurisdiction. Notwithstanding the foregoing, ABFM may seek injunctive relief in any court of competent jurisdiction as ABFM determines, in its sole and absolute discretion, to be necessary or appropriate to protect the integrity and/or content of the examination.

Governing Law

Any case, controversy, or dispute, which may arise between the applicant and ABFM in connection with the application process and/or the examination, shall be governed in all respects by the laws of the Commonwealth of Kentucky, without regard to the choice of law rules of such jurisdiction. The applicant hereby submits and irrevocably consents to the exclusive jurisdiction and venue of the state and federal courts located in Lexington, Kentucky for purposes of any legal action that may arise in connection with the application process and/or the examination.

By my acknowledgment on the online Application Form, I intend to be legally bound by the foregoing.
