CANDIDATE INFORMATION BOOKLET

ADOLESCENT MEDICINE

CERTIFICATE OF ADDED QUALIFICATION

CERTIFICATION EXAMINATION DATE: APRIL 11, 2018

CONTINUING CERTIFICATION EXAMINATION DATES: MARCH 1-31, 2018

SCHEDULE FOR THE SPRING 2018 ADMINISTRATION OF THE ADOLESCENT MEDICINE EXAMINATION

Application Registration Period: October 13, 2017 – December 1, 2017

Application Submission	Examination Fee	Late Fee
By November 20, 2017	\$1,300	No Fee
By December 1, 2017	\$1,300	\$100

Note: "filing" the application means starting the application and advancing beyond the payment section.

IMPORTANT DATES

- November 20, 2017** Last day to submit online application without incurring a late fee
- December 1, 2017** Last day to:
- Submit application (with late fees assessed)
 - Submit special testing (ADA) documentation
- December 8, 2017** Last day to:
- Clear all pending application requirements
 - Make official name change with ABFM for examination
- January 5, 2018** Last day to select testing date/location
- 30 Days Prior to Scheduled Examination** Last day to withdraw application without incurring a late cancellation fee (\$35)
- 5 Days Prior to Scheduled Examination** Last day to withdraw application without incurring a seat fee (\$150)
- 48 Hours Prior to Scheduled Examination** Last day to change testing date or location
- July 31, 2018** All fellowship training should be completed on or about this date
- September 30, 2018** Last day to submit fellowship training completion verification

EXAMINATION DATES

- Certification:** April 11, 2018
- Continuing Certification:** March 1-31, 2018

(Note: candidates will select only one date for the examination)

INTRODUCTION

This booklet provides general information concerning the Certificate of Added Qualifications (CAQ) in Adolescent Medicine and instructions for completing the online application.

Please read the entire booklet carefully before beginning the application.

Adolescent Medicine encompasses the total health care of adolescents within their families and/or the settings in which they live and interact.

The Certificate of Added Qualifications in Adolescent Medicine, jointly developed by the American Board of Family Medicine (ABFM), the American Board of Internal Medicine (ABIM), and the American Board of Pediatrics (ABP), is designed to recognize excellence among those who have special interest in this field. Although the application requirements may differ slightly between the Boards, content and scoring are identical. The examination will be administered by the American Board of Pediatrics for candidates from all three Boards at the same time in the same testing centers. The standard for passing the examination will be identical for all Boards. Family physicians must be certified by the American Board of Family Medicine and must be Diplomates in good standing at the time of the examination.

Participation in certification is voluntary. Certification in Adolescent Medicine is not a requirement to provide care to adolescents, and the Board's certificate does not confer privilege to practice.

All candidates are encouraged to start the online application and advance beyond the fee payment page prior to the initial application filing deadline in order to avoid incurring late filing fees. Any pending requirements must be completed by the published deadlines. Further, all application requirements must be completed prior to selecting a test date/location.

Candidates will receive notification via email of application approval or of any pending requirements immediately after the application is submitted. Although reminders of pending requirements or any missing materials will be sent by email, it is the candidate's responsibility to review their Physician Portfolio and submit all required items by the published deadlines. Additionally, if an application is not completed in its entirety, it is the candidate's responsibility to return to the application and complete each page prior to the final deadline. Any application that remains deficient after the final deadline to clear pending requirements will automatically be withdrawn.

If you have further questions about the Adolescent Medicine Examination, contact us at (877) 223-7437 or help@theabfm.org.

<p>It is the sole responsibility of an ABFM candidate to be aware of and comply with registration deadlines. In fairness to all candidates, the Board adheres firmly to the published deadlines for registration and late registration for all examinations. Candidates are encouraged to apply early in the registration period to avoid late fees or problems. Issues arising from a candidate's inability to logon to the ABFM application system (e.g., forgotten ID/Password, computer technical difficulties, or operator error) must be resolved and all components of the application completed prior to 11:59 P.M. Eastern Time on the deadline date. The ABFM staff and Support Center make every effort to assist with these issues promptly; however, candidates are responsible for contacting the ABFM for assistance well in advance of the deadline.</p>
--

COMPLETING THE APPLICATION

The purpose of this section of the Candidate Information Booklet is to provide essential information about ensuring the board has accurate information about the candidate, the application process, the requirements candidates must meet prior to and/or while completing the application process, and choosing a testing location and seat.

Password

The password provided to a candidate for accessing the Physician Portfolio is confidential. Candidates will be required to change the initial password they are assigned and are then strongly encouraged to use a password known only to them. There is a link in the Physician Portfolio that allows the candidate to change the password at any time. Anyone with access to a candidate's ID and password has access to all secure information pertaining to that candidate on our website. ABFM staff does not have access to candidate passwords. Passwords may be reset online using the "[Help! I forgot my password and/or username](#)" link available on the ABFM homepage.

Personal Information

Candidates should confirm or update all personal information in the Physician Portfolio on the Contact Information page. Uneditable fields include name, ABFM ID number, gender, degree, birthdate, and last four digits of the social security number. If any of this information is incorrect, the candidate must contact the ABFM Records Department to have it corrected.

The ABFM requires candidates who have had a legal name change to submit a copy of the appropriate legal document (e.g., marriage, divorce, etc.) in order to change our records. However, it is important to note that the name on record with the ABFM should exactly match the name appearing on the ID presented for admittance to the examination. Any discrepancy in the name will potentially delay or prevent admittance to the examination. All name issues should be resolved by the deadline for clearing pending application requirements. Please contact the ABFM Records Department for assistance with any name issues.

Candidates also should verify, update, or enter their primary mailing address. This is the address the wall certificate will be mailed to. Address information may be updated through the Physician Portfolio at any time by clicking the Contact Information link.

E-Mail

The ABFM will correspond with examination candidates through email. Candidates should ensure that the ABFM has a current email address on file. Email information may be updated through the Physician Portfolio at any time by clicking the Contact Information link.

During the registration process, candidates are required to reply to an email confirmation, which verifies that the email address on file is accurate and the candidate is able to receive emails from the ABFM. (Many email services do not notify senders that an email is received or rejected; as such, we may be unaware our communications are not reaching intended recipients.) Once the email confirmation is complete, candidates must return to the application and complete all remaining application pages.

All candidates are required to have a confirmed email address during the application process.

Fee Payment

Application Registration Period: October 13, 2017 – December 1, 2017

Application Submission	Examination Fee	Late Fee
By November 20, 2017	\$1,300	No Fee
By December 1, 2017	\$1,300	\$100

In order to expedite the process of applying for the exam, and to avoid late filing fees, candidates are encouraged to file applications by the first application deadline. The ABFM defines “filing” an application as the date the application is started and advanced beyond the payment page.

The online payment option of the American Board of Family Medicine uses Secure Sockets Layer (SSL) technology to encrypt the personal and financial information being sent over the Internet. The candidate’s browser will display a locked padlock icon near the bottom of the window to indicate that SSL encryption is being used. Consequently, candidates may be assured that the easy-to-use, online payment process is a highly secure payment option.

If a candidate prefers to submit a credit card number in writing or pay by check, a payment information page may be printed from within the online application to submit with payment. Once the ABFM has processed the payment, the candidate will be able to complete the application.

If a credit card is declined or a check is returned by the bank, the fee must be resubmitted for the original amount plus a non-sufficient funds (NSF) fee of \$50.00, and must be paid by certified check or money order. Further, the testing appointment will be cancelled for any candidate whose credit card is declined or check is returned, and the candidate will not be able to reschedule until all fees have been paid.

Please note: No candidate will be allowed to take the examination until all fees are paid and all necessary requirements have been satisfactorily met. If a candidate is not successful on the examination, the application/registration process must be repeated, and will include payment of the full examination fee.

Withdrawal/Refund Policy

Any candidate who is unable to complete the application requirements or who needs to delay participation in the examination, is encouraged to withdraw their application. This is accomplished through the Physician Portfolio by clicking the CAQ Examinations link and then selecting the Withdraw option. For continuing certification candidates, selecting the withdraw option cancels the current application and applies the fee for that examination toward the next testing window. An examination fee may be carried forward for a maximum of three (3) years. If a fee is not used, by taking the examination, within the three-year period, a partial refund will be issued (that is less all applicable fees). Any fee(s) incurred for late withdraw or no-show will be applied to subsequent registrations and those fees must be paid prior to registering for the next examination.

Certification candidates who choose to withdraw their application will receive a partial refund. Continuing certification candidates who have withdrawn and would prefer to receive a refund (rather than the fee being carried forward) must submit a written request to help@theabfm.org. Refunds will be issued within 2–3 weeks of receipt of the request. Please note: the application processing fee (\$200) and any late fees paid are non-refundable. Additionally, any cancellation fee or seat fee incurred due to late withdrawal will be withheld from the refundable portion of the examination fee.

Requirements

Certification

Candidates must be certified by the American Board of Family Medicine and must be Diplomates in good standing at the time of the examination. The candidate must hold a currently valid, full and unrestricted license to practice medicine in the United States, its territories, or Canada. In addition, all candidates must

have demonstrated satisfactory clinical ability in Adolescent Medicine and acceptable ability in standard diagnostic procedures for adolescent medicine problems.

Initially certifying candidates are required to complete an Adolescent Medicine Fellowship as follows:

A candidate must have successfully completed, or will have completed by July 31, 2018, a minimum of two years in an Adolescent Medicine Fellowship Program accredited by the Accreditation Council for Graduate Medical Education (ACGME). The Adolescent Medicine Fellowship must be subsequent to the Family Medicine residency training and no part of the Family Medicine residency will be permitted as credit toward the Adolescent Fellowship requirement. The entire 24 months of Adolescent Medicine fellowship training must be completed by July 31, 2018 in order to sit for the examination.

Documentation Required: Verification of satisfactory completion of training must be provided by the fellowship program director to via the Fellowship Training Management system (FTM). Upon completion of the fellowship, the program director should log in to FTM and submit final verification of completion of training to the ABFM. For assistance with the FTM system, program directors/coordinators may contact Kathy Banks, ABFM Fellowship Coordinator, at kbanks@theabfm.org.

Continuing Certification

Candidates seeking continued certification in Adolescent Medicine must be certified by the American Board of Family Medicine and must be Diplomates in good standing at the time of the examination. Candidates must hold an active, valid, full, and unrestricted license to practice medicine in any state or territory of the United States or any province of Canada. In addition, all candidates must have been previously certified in Adolescent Medicine by examination with the American Board of Family Medicine.

Demographics

For more than 20 years the ABFM has collected data on practice organization and scope of practice from candidates during the examination registration process. The information you provide enables the ABFM to understand how family medicine is changing, such as scope of practice, geographical distribution, evolving business models, size of practice, and whether your EMR is serving your needs. For years these data have guided the Board of Directors as they make decisions about how to help family physicians around the country improve the quality of care they provide to their patients. The accuracy of the information you provide is critical to how well the ABFM can make certification more meaningful and useful to you.

Medical License

To obtain and maintain certification, all candidates and Diplomates must hold an active, valid, full, and unrestricted license to practice medicine in any state or territory of the United States or any province of Canada and be in continuous compliance with the ABFM [Guidelines for Professionalism, Licensure, and Personal Conduct](#).

Permanent license information must be submitted through the Physician Portfolio on the ABFM website. The effective date of certification will be the date on which the candidate meets all certification requirements.

Institutional, temporary, and training medical licenses are not acceptable and should not be entered in the Physician Portfolio. If a candidate uses an institutional, temporary, or training medical license, or enters an inaccurate date of initial licensure or renewal, in order to complete the requirements for certification and the ABFM determines that the information does not match the records from the licensing state or if the license does not meet the Guidelines for Professionalism, Licensure, and Personal Conduct, the certification will be invalidated. The candidate will be notified subsequent to this action. Falsification of any information entered in the application and/or the Physician Portfolio is a serious violation of ABFM policies and can result in withdrawal of certification for an extended period of time.

When updating or adding a new license record, applicants are required to attest that the license is current, valid, unrestricted, and permanent. If the medical license does not meet the Guidelines for Professionalism, Licensure, and Personal Conduct, the candidate must contact the ABFM License Coordinator.

It is the responsibility of the physician to inform the ABFM in writing, by letter, email, or notification through the medical license page in the application or the Physician Portfolio, immediately following any action by a licensing authority. Should a physician be uncertain about whether or not they are meeting the Guidelines for Professionalism, Licensure, and Personal Conduct, a written inquiry should be made to the Board immediately.

Special Testing Accommodations

The ABFM provides reasonable accommodations in accordance with the Americans with Disabilities Act (ADA) and the ADA Amendments Act of 2013 (ADAAA) for individuals with documented disabilities who demonstrate a need for accommodation. In accordance with these Acts, the ABFM does not discriminate against individuals with disabilities in providing access to its examination program. Candidates must indicate through the examination application if special testing accommodations under the ADA are needed. Special testing accommodations will only be considered with appropriate documentation.

No candidate shall be offered an accommodation that compromises the ABFM examination's ability to accurately test the skills and knowledge it purports to measure, and no auxiliary aid or service will be provided that will fundamentally alter the examination or will result in an undue burden to the ABFM. For further information regarding Special Testing Accommodations, please refer to the [ADA Policy and Procedures](#) available on our website.

All required documentation must be received by the final application deadline in order for staff to review and set the appropriate accommodations by the final deadline for clearing pending application requirements. After that date, requests with insufficient information, or that are incomplete for any reason, will not be processed and the candidate will be required to take the examination under normal testing conditions or withdraw their application.

Any request for special testing accommodations received after the scheduling of a testing appointment will require the cancellation of the current appointment in order to process and review the candidate's documentation.

Since administration of the examination is handled by the American Board of Pediatrics, special testing accommodations that may have been received for any examination administered by the American Board of Family Medicine may not be available for the Adolescent Medicine examination.

Comfort Aids

Any outside items are prohibited in the examination room. All comfort aid items must be approved by the ABFM prior to the examination and appropriate documentation submitted to Prometric, the testing vendor. Should a candidate require any personal item during the examination, whether due to a medical condition or otherwise, please contact Stephen Huesing at shuesing@theabfm.org. All requests must be submitted prior to the final application deadline.

Items Provided at Test Center

The following items are provided by Prometric at the test center:

- dry-erase board and marker (no other writing surface or writing instrument allowed)
- tissues (per request)
- headphones (per request)

Prohibited Items in Examination Room

- calculators

- watches (remaining test time will be provided on your examination screen)
- recording devices
- photographic equipment
- study material
- cellular telephones
- PDAs (personal digital assistants)
- purses
- wallets
- pagers
- hats and other head coverings, except those for religious purposes
- coats
- bags (eg, plastic, paper)
- tissues not provided by the test center
- pens and pencils
- beverages
- food
- medicine or cough drops
- tobacco products
- any other product determined by the TCA to be a disturbance to other testers or a threat to the security of the examination

Agreement Page of Application

The agreement page of the online application asks candidates to attest to having read the Candidate Information Booklet, including the full agreement located at the end of the booklet, and to agree to be bound by the conditions therein. Candidates also are confirming that all the information provided in the application is complete and true. The candidate's full name and ABFM ID number will be presented to identify that they are the person signing the agreement. Candidates are asked to electronically sign the agreement by clicking "Yes, I Agree" and by providing their date of birth and last four digits of their social security number.

Approval of Application and Selection of Examination Date and Location

Once all components of the candidate's application are completed and all pending requirements are cleared, the ABFM considers the candidate to be approved for the examination. The ABFM will automatically notify the American Board of Pediatrics (ABP) that the candidate is eligible to select a testing date, time, and location. Since ABP is responsible for the administration of the examination, they will contact candidates via email within 2-3 weeks of application approval with test center reservation instructions. Candidates may schedule an appointment with Prometric (the testing vendor) for any day that the examination is offered, depending on seat availability.

Candidates may view available appointments using the Prometric website (www.prometric.com/abp) at any time during the application process. However, seats are assigned on a first come, first served basis, and availability is continuously changing. To search for available seats, click on the link above and select Locate a Test Center. Then select the appropriate examination type and perform a test center location

search. Finally, click the Availability link for the location(s) of interest. Please note: not all test centers are available on all examination dates, and start times vary by location, date, and availability.

Testing Locations

United States, U.S. Territories, and Canada

Prometric provides testing in approximately 330 U.S. locations as well as 13 locations in Canada and several international locations. According to Prometric, 90 percent of the U.S. population is within 25 miles of a testing center. The full list of locations is always available on their website and is updated for each examination administration to add new locations or delete those no longer being utilized. For specific locations of available testing centers go to www.prometric.com/abp and click on “Locate a Test Center.”

International Test Centers

The ABFM and Prometric offer testing at several international locations. Prometric has in place an established network of professional test centers providing the same high level of security, candidate verification, and secure examination administration as their U.S. testing locations. To search for available international locations, go to www.prometric.com/abp, click on “Locate a Test Center,” and select the country of interest to see if there is a location there. Candidates searching for locations abroad that do not appear to be available should contact the ABFM to inquire about potential options.

Reschedule or Withdraw

Reschedule

Candidates who need to reschedule their current examination date and/or location may do so through the Prometric website. To reschedule, candidates will visit the ABP section of the Prometric web site: www.prometric.com/abp and then select the option of “Reschedule/Cancel My Test.” Candidates may reschedule at no cost if done 30 days or more prior to the original scheduled examination date. Rescheduling within 29-5 days prior to the original scheduled examination date will result in a reschedule fee of \$50. Any reschedule within 4 days to 48 hours prior to the original scheduled examination date will result in a reschedule fee of \$99. The deadline to reschedule an exam is 48 hours prior to the original scheduled exam appointment. All reschedule fees will be payable to Prometric at the time of rescheduling.

Withdraw

Candidates who choose to withdraw from the current examination, must do so on the ABFM website. *Candidates should not contact Prometric directly to cancel an appointment.* In order to prevent a cancellation fee, an appointment must be withdrawn 48 hours prior to the original scheduled examination date. Cancelling or withdrawing from the exam within 48 hours of the original scheduled examination date will incur a cancellation/seat fee of \$150.

Please refer to our refund policy for additional information regarding a refund.

EXAMINATION INFORMATION

Content

The content of the Adolescent Medicine Examination will include, but may not be limited to, Musculoskeletal Diseases; Endocrine and Metabolism; Nutrition and Eating Disorders; Collagen Vascular Diseases; Mental Health; Hematology/Oncology; Cognition; Renal Disease; Reproduction including Sexuality and Sexually Transmitted Diseases; Infectious Diseases; Gastrointestinal Diseases; Dermatology; Substance Abuse; Social/Emotional Development and Family/Chronic Illness; and Disease Prevention as these relate to adolescent patients.

Complete details regarding exam content may be accessed on the ABP website: www.abp.org by hovering over the “Apply for Exam” dropdown menu, selecting “Certification Subspecialty,” then “Content Outlines” and finally the “click here” link for the Adolescent Medicine examination.

Examination Administration Protocols and Procedures

Candidate Responsibilities

Candidates using Prometric Testing Centers must abide by Prometric policies related to security and use of computer equipment and facilities. While at a Prometric Testing Center, candidates must comply with test administrators at all times. Failure to comply with Prometric test administrators or security and computer equipment usage policies may result in expulsion from the testing center and denial of access to American Board of Family Medicine examinations in the future.

Examination Conduct

Failure to abide by the following rules of conduct may result in disciplinary action by the ABFM.

1. Do not falsify information required for admission to the examination or impersonate another candidate.
2. Do not bring calculators, watches with computer or memory capability, books, papers, cellular telephones, or PDAs into the examination room.
3. Do not start the examination until directed to do so; terminate the examination immediately upon instruction to do so.
4. Do not disturb or interfere with others taking the examination.
5. Do not leave the testing area during breaks.
6. Do not observe or copy the responses being made by others taking this examination.
7. Do not provide or receive unauthorized information about the content of the examination.

Notify the test center staff immediately if:

- Computer problems exist, such as an error message on the computer screen (DO NOT clear the message) or a test item does not display on the computer screen.
- An additional whiteboard and markers are needed.
- Assistance from the test center staff is required for any reason.

Security at Prometric Testing Centers

Prometric has a number of security measures in place that help protect the identity of candidates.

1. One form of acceptable identification is required to be admitted to the test center. The identification must be current and include a recent photograph and signature. If the photo identification is not signed, a second form of identification with a signature must also be presented. Those who do not present

acceptable identification will not be permitted to take the examination. Identification documentation will be captured and validated to determine authenticity. All identity information captured at the testing center is purged from Prometric systems at the close of each business day.

PLEASE NOTE: Falsifying information required for admission to the examination or impersonating another candidate is strictly prohibited.

Acceptable forms of identification include:

- A valid (not expired) government-issued driver's license with photograph and signature
- A valid (not expired) government-issued identification card with photograph and signature (candidates who do not drive may have an identification card issued by the agency that also issues driver licenses)
- A valid (not expired) government-issued passport with photograph and signature
- A valid (not expired) United States military identification card with photograph and signature
- A valid (not expired) hospital identification card with photograph and signature

Unacceptable forms of identification include:

- A Social Security card
- A United States permanent residence card (green card)
- A credit, debit or ATM card

IMPORTANT: The name on current identification must exactly match the name listed in ABP/ABFM records. Example: If a candidate's name is listed as Jane Jones in ABP/ABFM records, and the physician's legal name is Jane Jones Smith, identification must also list the name as Jane Jones (or Jane Jones Smith). If the candidate presents identification reflecting the name Jane Smith, she would not be allowed to sit for the examination.

2. No personal items other than a photo I.D. are allowed in the testing room. This includes, but is not limited to, purses, wallets, cell phones, pagers, outer wear, tissues, pens and pencils, sodas and coffee, bottled water, candy, cough drops, and snacks. Storage lockers are provided. All necessary testing materials will be provided. (NOTE: The use of any medical device, such as an asthma inhaler or insulin pump, within the examination room must be pre-approved by the ABFM at least three weeks in advance.)
3. Personal storage lockers are provided. Candidates may access their lockers at any time during the examination. Keys must be returned to test center staff at the conclusion of the examination.
4. Light sweaters, sweatshirts, and jackets are permitted in the testing room and may be worn or removed as needed; all clothing will be subject to Prometric inspection. Outerwear such as heavy coats, rain coats, ski jackets, etc. are prohibited from the testing room.
5. Candidates will be asked to sign in and out and verify identity when leaving the testing room. The allotted exam time is not suspended for breaks; refer to the on-screen time to track remaining test time. A scheduled break is available between examination sections. Scheduled break time does not count against testing time. Candidates may only take the scheduled break after the first section of the examination is complete. Once the section is complete, candidates will not be able to return to any of the questions in that section. Candidates may decline the scheduled break and continue to the next section of the examination, or only use a portion of the break time allotted. The allotted amount of time for the break will be displayed on the monitor.

After completing the exam, the test center staff will provide two (2) receipts. Remit one copy to the ABP using one of the methods listed on the receipt. **IMPORTANT:** The ABP highly recommends that physicians keep the additional receipt for personal records.

Irregular Behavior on Examinations

The Board's examinations are copyrighted and administered in secure testing centers by test administrators who are responsible for maintaining the integrity and security of the certification process. Test administrators are required to report to the Board any irregular or improper behavior by a candidate, such as giving or obtaining information or aid, looking at test material of others, removing examination materials from the test center, taking notes, bringing electronic devices (e.g., cell phones, tablets, pagers, PDAs, etc.) into the examination, failing to comply with time limits or instructions, talking, or other disruptive behavior. Irregular or improper behavior that is observed, made apparent by statistical analysis, or uncovered by other means will be considered a subversion of the certification process and will constitute grounds for invalidation of a candidate's examination.

How Exams Are Scored

The number of questions answered correctly determines a candidate's score. There is no penalty for guessing; therefore, candidates are encouraged to answer every question on an examination. The minimum passing score for an examination reflects a standard developed by the ABP prior to administration of the examination.

Examination Results

It takes approximately 6-8 weeks from the last date in the examination window for candidates to receive their examination results, which may be accessed in the Physician Portfolio when available. During the scoring process, each question is analyzed to ensure the reliability of individual results.

Re-Examination

Qualified candidates who fail the examination will be given the opportunity to take it again. An application is valid only for the examination for which a candidate has applied. Full fees are charged for each re-examination.

Period of Certification

Those who are successful on the examination will be awarded an ABFM Certificate of Added Qualifications in Adolescent Medicine. The certificate will bear a date limiting the duration of its validity to ten years. Reassessment will be required for renewal of the certificate.

If for any reason primary certification in Family Medicine is not maintained (e.g., expiration, revocation, etc.), certification in Adolescent Medicine will simultaneously be withdrawn at the time of the loss of the primary certificate. Upon restoration of the Family Medicine certificate, the CAQ in Adolescent Medicine will simultaneously be restored for the remainder of the current certificate.

Candidates may opt to take the continuing certification examination before the last year of their period of certification. Should the exam attempt be successful, a new period of certification will begin.

Validity Period for Successful Examination

After a successful examination attempt, candidates have the 10 calendar years following their examination year to meet all requirements to become certified in Adolescent Medicine. Certification begins when all requirements for certification have been met. Period of certification is limited to the 10 years following the successful exam attempt.

Revocation

Each certificate issued by the Board of Directors of the American Board of Family Medicine shall be subject to revocation in any of the following circumstances:

General

The issuance of such certificate or its receipt by the person so certified shall have been contrary to, or in violation of, any provision of the Articles of Incorporation of the American Board of Family Medicine, Inc., or of the Bylaws of the American Board of Family Medicine.

The person so certified shall not have been eligible to receive such certificate, irrespective of whether or not the facts constituting such ineligibility were known to, or could have been ascertained by, the Directors of the Corporation or its representatives.

The person so certified shall have made a misstatement of fact in the application for such certificate or in any other statement or representation to the Corporation or its representatives.

The person so certified shall at any time have neglected to maintain the degree of competency in the field of family medicine established by the Board.

The person so certified has fraudulently altered, copied, or changed a certificate of the American Board of Family Medicine, or has fraudulently presented, or allowed to be presented on behalf of the individual, an altered, copied, or changed certificate of the Board. In such cases, the Board reserves the right to revoke, suspend, and/or prohibit participation in certification and subsequent certification of the offending party for a period not to exceed six (6) years from the date of discovery of the offense. In the event the individual appeals or otherwise challenges the suspension, the six (6) year period shall be tolled until the action of the Board is determined to be final and enforceable.

Professionalism, Licensure, and Personal Conduct

A Diplomate of the American Board of Family Medicine shall be required to be in continuous compliance with the ABFM Guidelines for Professionalism, Licensure, and Personal Conduct. Failure to comply with the Guidelines for Professionalism, Licensure, and Personal Conduct will result in loss of Diplomate status, loss of the ability to make application for Family Medicine Certification examination or other examinations offered by the Board, and loss of the Board Eligible status.

In the event a Diplomate is no longer in compliance with the Guidelines for Professionalism, Licensure, and Personal Conduct, the physician must inform the ABFM in writing and immediately cease identifying themselves in any way directly or indirectly as a Diplomate of the American Board of Family Medicine. Candidates for ABFM examinations and Diplomates of the ABFM should be aware that the ABFM receives periodic reports from the American Medical Association and the Federation of State Medical Boards regarding disciplinary actions by states against medical licenses. Should a physician be uncertain about whether or not they are in compliance with the Guidelines for Professionalism, Licensure, and Personal Conduct, a written inquiry should be made to the Board immediately.

Authority

The Board of Directors of the American Board of Family Medicine shall have sole power and authority to determine whether or not the evidence or information before it is sufficient to constitute grounds for revocation of any certificate issued by this Corporation. The Board of Directors may, however, at its discretion, require any person so certified to appear before the Board of Directors, upon not less than thirty (30) days written notice by registered mail, and to show cause, at the time and place specified in such notice, why the certificate should not be revoked. The failure of any person so notified to appear as required in such notice shall, at the discretion of the Board of Directors, constitute cause for revocation of the certificate. The decision of the Board of Directors in all such matters shall be final.

AGREEMENT

Please read the following conditions regarding the administration of the examination. You will need to verify on the application that you have read and understand this agreement. Your application will not be processed without this acknowledgement.

I certify that all the information in this application is complete and correct to the best of my knowledge and belief. In order to be granted certification, I understand I must abide by the ABFM Guidelines for Professionalism, Licensure and Personal Conduct which includes obtaining and maintaining an active, valid, full, and unrestricted license to practice medicine. Furthermore, I understand that the examination for which I am applying is voluntary on my part and I voluntarily accept and agree without reservation to the conditions set forth in the Application and this Candidate Information Booklet. I understand that in making this application I am voluntarily requesting that the Board review and assess my professional standing and that the decision of the Board in making such review and assessment shall be final.

I further understand and agree that the American Board of Family Medicine may withhold or rescind approval of this application, and in the event I am certified as a Diplomate of the American Board of Family Medicine (ABFM), such certification may be revoked and my name deleted from the roll of ABFM Diplomates by order of the Board should it determine, in its absolute discretion, that:

1. Any of the information in this Application is false or contains material misrepresentations or omissions;
2. I am not in compliance with the ABFM Guidelines for Professionalism, Licensure, and Personal Conduct;
3. I fail to satisfy the criteria for certification.

I understand that in the event I am successful on the Adolescent Medicine examination and am in compliance with ABFM Guidelines that my Diplomate status will remain in effect as long as I meet all of the current and future requirements by the established deadlines and am in continual compliance with the Guidelines for Professionalism, Licensure, and Personal Conduct. Furthermore, should I withdraw from the exam for any reason after paying the required fee, the policy set forth in the Candidate Information Booklet for the current Adolescent Medicine Examination shall apply.

If my Application to sit for the Adolescent Medicine Examination is approved, I understand and agree to the following conditions:

1. All the examination questions and all other examination materials are the sole property of the American Board of Pediatrics subject to copyright and intellectual property protections afforded by law. Questions or other materials have not been available for review by examinees before taking the examination and they will NOT be available for review by the examinees after taking the examination. No one is permitted to take any of the examination materials from the examination room. The dry erase board or other note taking surface provided by Prometric is intended for exam testing notes only and must be erased and returned to the test administrator when not actively testing. Any notes taken during the exam and removed from the workstation will be considered exam content. Other than the permitted use of the dry erase board or other note taking surface provided by Prometric during the exam, no one is permitted to reproduce the test questions and/or answers in whole or in part, make written notes of the test content, or electronically copy, record and/or transfer test questions or preparatory material. No reference materials (texts, articles, or review materials) shall be permitted in the examination area. During and following the examination, examinees may not discuss the content of exam questions with anyone.
2. I understand that I am expected to complete all sections of the exam and attempt all questions. Should I neglect to complete any section of the examination, I understand that any questions not answered will be counted as incorrect, I will not receive additional time, nor will I receive a refund of the exam fee or credit toward future fees due to my failure to answer any questions.

3. I understand that during an examination, (when actively testing and the exam clock is running) I am prohibited from bringing into the testing room anything unauthorized by the Prometric testing staff. During active testing, I am prohibited from bringing instructional information or personal items including, but not limited to: reference materials, texts, articles, review materials, written notes, electronic media, devices designed to augment knowledge or recall, a watch or time piece of any kind, cellular telephone, pager, hand held computer, personal digital assistant (PDA), mini-computer, camera or any writing instrument except the writing instrument provided by Prometric testing staff. Furthermore, I will not be permitted to communicate with other examinees or any individual, except members of the test administration staff. During an active exam, I will not be permitted to leave the testing center except for scheduled breaks. Further, I will make no effort to observe the answers of other examinees or have anything at my workstation except materials provided by the administrators at the test center. Only the distributed note taking materials provided by the testing center (i.e. note/white board, paper, writing instruments, etc.) may be used in the exam room.
4. The use of telephones or leaving the testing area during active testing is prohibited.
5. I understand that I risk being unsuccessful on the entire examination if I do not follow instructions on the examination itself.
6. The American Board of Pediatrics reserves the right to refuse admission to any examinee after any session of the examination has actually begun.
7. The test administrators at my assigned test center are authorized by me to take all action they deem necessary and proper to administer the test securely, fairly and efficiently.
8. Smoking will not be permitted in the examination room.
9. In addition, should I do anything prohibited by the ABFM or ABP, or should I be in violation of ABFM policy set forth within this agreement and Candidate Information Booklet, my test scores will be invalidated.
10. I understand that after the exam, I may not discuss the exam with anyone.
11. I understand that I will be video and audio recorded throughout my time at the test center. If the ABFM receives reports from the test center staff or video/audio surveillance taped during my examination which provides evidence of any violation of policies or accessing prohibited materials described herein or removing notes from the workstation area, I agree to cooperate with the ABFM/ABP and acknowledge that the ABFM/ABP has the right to invalidate my exam, forfeit the full exam fee and pursue necessary legal action.

I agree that if I wish to have my examination rescored, I must make the request, in writing, within 14 days of the release of the test results. This request must include both a completed ABFM Rescore Request Form and a check made payable to the ABFM for \$250. I understand that this review will be limited to verifying (1) that the responses scored were indeed made by me and (2) that the scoring process correctly transformed my responses into a scaled score. I further understand that this review will not be a review of the content of the items, or a reconsideration of what the correct answer should be. In addition, I understand that the review will not be a reconsideration of the passing standard or of the acceptability of the testing conditions.

I agree that the Board may, at its discretion, release information contained in this Application, my examination results and/or my examination scores to researchers selected by the Board to study the testing and evaluation programs of the Board under appropriate conditions of confidentiality established by the Board. Aside from research purposes, I understand that my individual and identifiable examination results and scores will be considered by the Board to be confidential, and, unless authorized by me, will not be released to others except pursuant to legal process.

I agree to release and to hold the American Board of Family Medicine, its physicians, examiners, employees, officers, directors, and agents free from any complaints, claims or demands for damage or

otherwise by reason of any act of omission or commission that they, or any of them, may take in connection with this Application, the availability of testing centers, exam administration, the grade or grades given with respect to my examinations, the failure of the Board to issue me such certificate, the subsequent revocation of any certificate issued to me by the ABFM, or my continued eligibility for certification. I agree that the ABFM retains the right to deny, revoke, withdraw or suspend certification because of my failure to gain or remain eligible under periodically established ABFM guidelines.

I shall indemnify and hold harmless the ABFM, its physicians, examiners, employees, officers, directors, and agents free from any claim "including legal fees" or loss for my breach of this agreement.

I hereby understand and agree that in the event I am certified as a Diplomate of the American Board of Family Medicine, that certification shall continue only for so long as I continue to meet all of the current and future Family Medicine Certification requirements and continue to be in compliance with the Guidelines for Professionalism, Licensure, and Personal Conduct. I further understand and agree that in the event I am no longer in compliance with the Guidelines for Professionalism, Licensure, and Personal Conduct, for any reason or any term, I shall advise the American Board of Family Medicine at 1648 McGrathiana Parkway, Suite 550, Lexington, Kentucky, 40511-1247 and immediately cease identifying myself in any way directly or indirectly as a Diplomate of the American Board of Family Medicine.

It is understood that the decision as to whether my examination qualifies me for a certificate or whether I continue to meet the conditions of eligibility for certification rests solely and exclusively with the American Board of Family Medicine and that its decision is final.

Arbitration of Disputes

Any case, controversy or dispute which may arise between the applicant and ABFM in connection with the application process, examination and/or the continued eligibility for certification shall be settled and resolved by binding arbitration under the then prevailing rules of the American Arbitration Association ("AAA"). The arbitration dispute must be filed in Lexington, KY. The decision of the arbitrators shall be final and binding, and judgment may be entered on the award of the arbitrators and enforced in any court of competent jurisdiction. Notwithstanding the foregoing, ABFM may seek injunctive relief in any court of competent jurisdiction as ABFM determines, in its sole and absolute discretion, to be necessary or appropriate to protect the integrity and/or content of the examination.

Governing Law

Any case, controversy, or dispute, which may arise between the applicant and ABFM in connection with the application process, the examination, or continued eligibility for certification shall be governed in all respects by the laws of the Commonwealth of Kentucky, without regard to the choice of law rules of such jurisdiction. The applicant hereby submits and irrevocably consents to the exclusive jurisdiction and venue of the state and federal courts located in Lexington, Kentucky for purposes of any legal action that may arise in connection with the application process, the examination and/or or continued eligibility for certification.

By my acknowledgment on the online Application Form, I intend to be legally bound by the foregoing.
