ADOLESCENT MEDICINE

CERTIFICATE OF ADDED QUALIFICATION

LONGITUDINAL ASSESSMENT

(MOCA-PEDS)

2024
2024 ADOLESCENT MEDICINE CERTIFICATE OF ADDED QUALIFICATION
LONGITUDINAL ASSESSMENT (MOCA-PEDS)

IMPORTANT DATES

October 20, 2023  Online Application Opens

November 20, 2023  Last Day to Submit Online Application Without Incurring a Late Fee ($100)

December 4, 2023  Last day to:
• Submit application (with $100 non-refundable late fee assessed)
• Submit special testing accommodation (ADA) documentation

December 11, 2023  Last day to:
• Be approved for Adolescent Medicine MOCA-Peds
• Clear all pending application requirements

**FEE SCHEDULE**

**Application Registration Period:** October 20, 2023 – December 11, 2023

The examination and application fee details listed below summarize the payments for candidates applying for MOCA-Peds. Payment details specific to your fees at the time of examination application can be accessed in your online application or in your MyABFM Portfolio. Note: To avoid a late registration fee ($100) be sure to begin the online application process and proceed beyond the fee payment page prior to November 20, 2023.

*Continuing Certification candidates will be required to submit an annual process fee of $100 when completing the online application. The process fee will be required on an annual basis going forward and required for maintaining certification. As long as you are current with your process fees, you will have access to up to two examination attempts. Should more than two attempts become necessary, a fee of $650 (or 50% of the current full examination fee) will be required for each subsequent attempt.

INTRODUCTION

The American Board of Family Medicine congratulates you in your pursuit of continued board certification! We are excited to have you participate in the Adolescent Medicine CAQ Longitudinal Assessment. We have partnered with the American Board of Pediatrics to make this exam option available through their longitudinal assessment solution called MOCA-Peds.

This booklet provides general information concerning MOCA-Peds for Adolescent Medicine and instructions for completing the online application.

We encourage you to review the entire booklet, but please be sure to read the Agreement section before beginning the application.

Adolescent Medicine encompasses the total health care of adolescents within their families and/or the settings in which they live and interact.

The Certificate of Added Qualifications in Adolescent Medicine, jointly developed by the American Board of Family Medicine (ABFM), the American Board of Internal Medicine (ABIM), and the American Board of Pediatrics (ABP), is designed to recognize excellence among those who have special interest in this field. Although the application requirements may differ slightly between Boards, content and scoring are identical. The examination will be administered by the American Board of Pediatrics for candidates from all three Boards at the same time in the same online platform. The standard for passing the examination will be identical for all Boards. Family physicians must be certified by the American Board of Family Medicine and must be Diplomates in good standing at the time of enrollment and throughout participation in MOCA-Peds.

Participation in certification is voluntary. Certification in Adolescent Medicine is not a requirement to provide care to adolescents, and the Board’s certificate does not confer privilege to practice.

All applications must be advanced beyond the fee payment page prior to the initial application filing deadline. Any pending requirements must be completed by the published deadlines.

We will notify you via email of application approval or of any pending requirements as you progress through the online application. Although reminders of pending requirements or any missing materials will be sent by email, you may review your online application at any time for status updates. We keep the applications open as long as possible, but there is a final deadline by which all applications must be completed. Any application that remains incomplete after the final deadline to clear pending requirements will automatically be withdrawn.

BENEFITS OF MOCA-PEDS FOR ADOLESCENT MEDICINE:

- it minimizes your time and expense spent in preparation for the examination and the inconvenience of the test center
- it can be completed when and where is best for you – increased flexibility and less stress than is often associated with the one-day examination
- it provides you with immediate feedback after each response, with a rationale explaining reasons for the correct answer
- references are provided with each item for further reading and learning
- learning is more continuous, allowing you to immediately apply information to your practice
- learning objectives are provided annually
- there is no additional cost – your certification fees remain the same as with the one-day examination

WHAT IS MOCA-PEDS FOR ADOLESCENT MEDICINE?

MOCA-Peds for Adolescent Medicine is an examination designed to be more aligned with on-going changes in medicine and adult learning principles. Rather than taking a one-day examination at a proctored test center, you will receive up to 20 timed (5 minutes), multiple-choice questions covering breadth of adolescent medicine
topics each calendar quarter. The questions can be answered via computer or tablet anywhere and can be completed over a maximum four-year period.

If performance at the end of three years is sufficient to reach the minimum passing standard, the fourth and fifth years may be taken as “off” years.

**WHO CAN PARTICIPATE IN MOCA-PEDS?**

Beginning in 2023, all ABFM Diplomates holding a Certificate of Added Qualification (CAQ) in Adolescent Medicine will transition to longitudinal assessment (MOCA-Peds) in the year their 10-year examination requirement comes due. In 2024, currently certified physicians whose last successful Adolescent Medicine one-day examination was in 2014 are to enroll in the program. To opt in, this group must complete the online application process.

ABFM Diplomates whose Adolescent Medicine certification has lapsed are also allowed to enroll in MOCA-Peds. However, Adolescent Medicine certification would not be restored until completion of the assessment with a passing score.

**WHO CANNOT PARTICIPATE IN MOCA-PEDS?**

ABFM Diplomates pursuing initial Adolescent Medicine certification are not allowed to participate in MOCA-Peds.

ABFM Diplomates who fail MOCA-Peds are not allowed to re-enroll in MOCA-Peds until they have regained certification by taking and passing the one-day Adolescent Medicine examination.

Physicians who are not certified in Family Medicine with ABFM are not allowed to enroll in MOCA-Peds through ABFM.

**PURPOSE OF THE CANDIDATE INFORMATION BOOKLET**

The purpose of this booklet is to provide all the necessary supporting details to complete the application process and participate in MOCA-Peds. It is organized into five sections: Introduction, Participation Requirements, Completing the Application, MOCA-Peds Longitudinal Assessment Information, and Agreement.

We encourage you to review the entire booklet, especially the Agreement section before beginning the application.

We use the application process to review your requirements to participate in MOCA-Peds as well as provide you with all the necessary information for participation. Parts of the application that are incomplete or need to be reviewed by ABFM will be marked as *pending requirements* in the application process until completed.

Any pending requirements must be completed by the published deadlines. We will notify you via email of application approval or of any pending requirements as you progress through the online application. Although reminders of pending requirements or any missing materials will be sent by email, you may review your online application at any time for status updates. We keep the applications open as long as possible, but there is a final deadline by which all applications must be completed. Any application that remains incomplete after the final deadline to clear pending requirements will automatically be withdrawn.

If you have questions at any point during the application process, do not hesitate to contact us at (877) 223-7437 or help@theabfm.org. Our Support Center is available to assist Monday – Friday, 8am – 9pm and Saturdays, 9am – 5pm (Eastern Time).
PARTICIPATION REQUIREMENTS

Initial MOCA-Peds Participation Requirements

Continuing Certification Physicians (Last successful examination was in 2014). Beginning in 2023, all ABFM Diplomates holding a Certificate of Added Qualification (CAQ) in Adolescent Medicine will transition to longitudinal assessment (MOCA-Peds) in the year their 10-year examination requirement comes due.

Regaining Certification Physicians. ABFM Diplomates whose previously held Adolescent Medicine certification has lapsed are also allowed to enroll in MOCA-Peds. Eligible physicians must be currently certified in Family Medicine by ABFM. Adolescent Medicine certification would not be restored until completion of the assessment with a passing score. Physicians who fail MOCA-Peds are not allowed to re-enroll in MOCA-Peds until they have regained certification by taking and passing the one-day Adolescent Medicine examination.

All participants must continuously maintain ABFM Family Medicine certification upon enrollment and throughout participation in the assessment. If for any reason primary certification in Family Medicine is not maintained (e.g., expiration, revocation, etc.), certification in Adolescent Medicine and participation in MOCA-Peds will simultaneously be withdrawn at the time of the loss of the primary certificate. Upon restoration of the Family Medicine certificate, a successful one-day, Adolescent Medicine examination is the only way to restore Adolescent Medicine certification.

Diplomates must submit CAQ process fees on an annual basis in order to maintain CAQ certification.

All participants must abide by the policies contained in the Agreement portion of this booklet. These policies provide guidelines for behaviors related to MOCA-Peds. Participants may not photograph, copy, print, screenshot, or otherwise reproduce the content presented in the assessment.
COMPLETING THE APPLICATION

The purpose of this section of the Candidate Information Booklet is to provide essential information about the application process and the requirements candidates must meet prior to and/or while completing the application process.

It is the sole responsibility of an ABFM candidate to be aware of and comply with registration deadlines. In fairness to all candidates, ABFM adheres firmly to the published deadlines for registration and late registration for all applications. Candidates are encouraged to apply early in the registration period to avoid late fees or problems. Issues arising from a candidate’s inability to logon to the ABFM application system (e.g., forgotten ID/Password, computer technical difficulties, or operator error) must be resolved and all components of the application completed prior to 11:59 P.M. Eastern Time on the deadline date. ABFM staff and Support Center make every effort to assist with these issues promptly; however, candidates are responsible for contacting ABFM for assistance well in advance of the deadline.

Password

The password provided to a candidate for accessing the MyABFM Portfolio is confidential. Candidates will be required to change the initial password they are assigned and are then strongly encouraged to use a password known only to them. There is a link in the MyABFM Portfolio that allows the candidate to change the password at any time. Anyone with access to a candidate’s ID and password has access to all secure information pertaining to that candidate on our website. ABFM staff does not have access to candidate passwords. “Forgot Username” and “Forgot Password” buttons are available on the physician login page (https://portfolio.theabfm.org/ui/login) should you need assistance with your login credentials.

Personal Information

Candidates should confirm or update all personal information in the MyABFM Portfolio on the My Profile page. Fields that are not editable include name, ABFM ID number, degree, birthdate, and last four digits of the social security number. If any of this information is incorrect, the candidate must contact their ABFM Candidate Representative to have it corrected.

ABFM requires candidates who have had a legal name change to submit a copy of the appropriate legal document (e.g., driver’s license, marriage, divorce, etc.) in order to change our records. Please contact your ABFM Candidate Representative for assistance with any name issues.

Candidates also should verify, update, or enter their primary mailing address. Address information may be updated through the MyABFM Portfolio at any time on the My Profile page in the “Account and Communication Settings” section.

General Data Protection Regulation (GDPR)

At the time of this publication (2023), European Union (EU) residents are not eligible to register for MOCA-Peds. For further clarification, contact us at (877) 223-7437.

E-Mail

ABFM and ABP will correspond with examination candidates through email. Candidates should ensure that ABFM has a current email address on file. Email information may be updated through the MyABFM Portfolio at any time on the My Profile page in the “Account and Communication Settings” section.

During the registration process, candidates are required to reply to an email confirmation, which verifies that the email address on file is accurate and the candidate is able to receive emails from ABFM. (Many email services do not notify senders that an email is received or rejected; as such, we may be unaware our communications are not reaching intended recipients.) Once the email confirmation is complete, candidates must return to the application and complete all remaining application pages.

All candidates are required to have a confirmed email address during the application process.
Fee Payment

Application Registration Period: October 20, 2023 – December 11, 2023

The examination and application fee details listed below summarize the payments for candidates applying for MOCA-Peds. Payment details specific to your fees at the time of examination application can be accessed in your online application or in your MyABFM Portfolio. Note: To avoid a late registration fee ($100) be sure to begin the online application process and proceed beyond the fee payment page prior to November 20, 2023.

<table>
<thead>

<td>First examination retake following an unsuccessful one-day examination</td>
<td>Included in Payment Plan</td>
</tr>
<tr>
<td>Re-attempting after &gt; 2 unsuccessful one-day examination attempts</td>
<td>$650</td>
</tr>
</tbody>
</table>

*Continuing Certification candidates will be required to submit an annual process fee of $100 when completing the online application. The process fee will be required on an annual basis going forward and required for maintaining certification. As long as you are current with your process fees, you will have access to up to two examination attempts. Should more than two attempts become necessary, a fee of $650 (or 50% of the current full examination fee) will be required for each subsequent attempt.

Withdrawal Policy

Withdrawal Prior to Beginning MOCA-Peds Participation

Any candidate who is unable to complete the application requirements by the published deadlines, is encouraged to withdraw. This is accomplished through the online application by selecting the Withdraw option. By selecting the withdraw option you will be cancelling your current application and the fees for that application may be applied to the next Adolescent Medicine examination application you initiate.

Withdrawal After Beginning MOCA-Peds Participation

Once enrolled in MOCA-Peds, you will not have the ability to withdraw your participation inside ABP’s exam delivery platform. If you wish to withdraw after your application has been approved, you would need to submit a written request to Ally Bailey at abailey@theabfm.org.

Withdrawals/removals that occur prior to the end of the sixth quarter of participation do not use up an examination attempt. Since two examination attempts are available under the certification process fees, in most cases, two examination attempts will still be available to use for the one-day examination.

Withdrawals/removals that occur after the end of the sixth quarter of participation will use up an examination attempt. Since two examination attempts are available under the certification process fees, in most cases, one attempt will still be available to use for the one-day examination. If both available examination attempts included in the process fees have already been used, a reduced examination fee of $650 (or 50% of the current full examination fee) would be required to register for a one-day examination attempt.

Demographics

For more than 20 years ABFM has collected data on practice organization and scope of practice from candidates during the examination registration process. The information you provide enables ABFM to understand how family medicine is changing, such as scope of practice, geographical distribution, evolving business models, size of practice, and whether your EMR is serving your needs. For years these data have guided the Board of Directors as they make decisions about how to help family physicians around the country improve the quality of
care they provide to their patients. The accuracy of the information you provide is critical to how well ABFM can make certification more meaningful and useful to you.

**Medical License**

To participate in MOCA-Peds, all Diplomates must either (1) hold a medical license which is currently active, valid and full in the United States, its territories, or Canada, and the Diplomate should not be subject to any practice privilege limitations in any jurisdictions in the United States, its territories, or Canada (referred to as an “Unlimited License”) or (2) qualify and select the status of Clinically Inactive, and hold either an Unlimited License, or a Qualified Clinically Inactive Medical License. Diplomates must also be continuously in compliance with the ABFM Guidelines for Professionalism, Licensure, and Personal Conduct (“Guidelines”).

License information must be submitted through the MyABFM Portfolio on the ABFM website and maintained throughout MOCA-Peds participation. While ABFM receives medical license information from available state medical boards, it is up to you to assure the medical license record that is on file for you at ABFM is accurate, confirmed, and remains up to date.

Institutional, temporary, and training medical licenses are not acceptable and should not be entered in the MyABFM Portfolio. If a candidate uses an institutional, temporary, or training medical license, or enters an inaccurate date of initial licensure or renewal, in order to complete the requirements and ABFM determines that the information does not match the records from the licensing state or if the license does not meet the Guidelines, certification will be invalidated. The candidate will be notified subsequent to this action. Falsification of any information entered in the application and/or the MyABFM Portfolio is a serious violation of ABFM policies and can result in withdrawal of certification for an extended period of time.

When updating or adding a new license record, applicants are required to attest that the license meets the requirements as described above. If the medical license does not meet the Guidelines, the candidate must contact the ABFM Professionalism Department at license@theabfm.org.

It is the responsibility of the physician to inform ABFM in writing, by letter, email, or notification through the medical license page in the application or the MyABFM Portfolio, immediately following any action by a licensing authority. Should a physician be uncertain about whether or not they are meeting the Guidelines, a written inquiry should be made to ABFM immediately.

Any candidate participating in MOCA-Peds who does not meet the ABFM Guidelines will have their assessment invalidated and the fee will be forfeited. Eligibility for examination will not be reinstated until the physician is in full compliance with the Guidelines. If any action by a licensing authority is taken after this application is filed, but during MOCA-Peds, it is still the responsibility of the applicant to report the action to ABFM. If a candidate is appealing a decision relative to their certification status to the Professionalism Committee, they are permitted to continue participation in MOCA-Peds with the understanding that if the appeal is unsuccessful, their assessment will be invalidated, and the examination fee will be forfeited.

**Special Testing Accommodations**

ABFM provides reasonable accommodations in accordance with the Americans with Disabilities Act (ADA) and the ADA Amendments Act of 2013 (ADAAA) for individuals with documented disabilities who demonstrate a need for accommodation. In accordance with these Acts, ABFM does not discriminate against individuals with disabilities in providing access to MOCA-Peds. Candidates must indicate through the application if special testing accommodations under the ADA are needed. Special testing accommodations will only be considered with appropriate documentation.

No candidate shall be offered an accommodation that compromises ABFM/ABP’s ability to accurately test the skills and knowledge it purports to measure, and no auxiliary aid or service will be provided that will fundamentally alter the assessment or will result in an undue burden to ABFM/ABP. ABFM/ABP are only responsible for providing additional time accommodations per question during MOCA-Peds. Since the assessment is offered in an environment and on a device of the candidate’s choosing, any candidate who requires any auxiliary aid or service, outside of additional time per question, may procure them at their
convenience for use during the assessment. For further information regarding Special Testing Accommodations, please refer to the ADA Policy and Procedures available on our website.

All required documentation to be approved for accommodations must be received by the final application deadline in order for staff to review and set the appropriate accommodations. After that date, requests with insufficient information, or incomplete for any reason, will not be processed and the candidate will be allowed to begin MOCA-Peds under normal conditions or withdraw their application.

Once you begin participation in MOCA-Peds, if ADA accommodations become necessary, you may submit a request to our Accommodations Coordinator at accommodations@theabfm.org for approval.

**Agreement Page of Application**

The agreement page of the online application asks candidates to attest to having read the Candidate Information Booklet, including the full agreement located at the end of the booklet, and to agree to be bound by the conditions therein. Candidates also are confirming that all the information provided in the application is complete and true. The candidate’s full name and ABFM ID number will be presented to identify that they are the person signing the agreement. Candidates are asked to electronically sign the agreement by clicking “Yes, I Agree” and by providing their date of birth and last four digits of their social security number.

**Approval of Application and Getting Started**

Once all components of the candidate’s application are completed and all pending requirements are cleared, ABFM considers the candidate to be approved to participate in MOCA-Peds. ABFM will then transmit eligibility data to ABP to establish the candidate as a participant in the assessment. ABP will then reach out with instructions for establishing login credentials on the MOCA-Peds platform and details about participation. Enrolled physicians may begin answering questions on January 18, 2024. Participants will receive automated reminders from ABP at customizable intervals throughout the program.
Facts About the Assessment

MOCA-Peds is a cognitive assessment delivered via computer or device over a maximum 4-year period. As a participant, you will receive up to 20 timed (5 minutes), multiple-choice questions covering the breadth of adolescent medicine each calendar quarter.

MOCA-Peds replaces the one-day, computer-based, proctored examination for eligible physicians.

MOCA-Peds for Adolescent Medicine is a test of the total health care of adolescents within their families and/or the settings in which they live and interact. The content of the Adolescent Medicine Examination will include, but may not be limited to, Musculoskeletal Diseases; Endocrine and Metabolism; Nutrition and Eating Disorders; Collagen Vascular Diseases; Mental Health; Hematology/Oncology; Cognition; Renal Disease; Reproduction including Sexuality and Sexually Transmitted Diseases; Infectious Diseases; Gastrointestinal Diseases; Dermatology; Substance Abuse; Social/Emotional Development and Family/Chronic Illness; and Disease Prevention as these relate to adolescent patients.

Complete details regarding exam content may be accessed on the ABP website: https://www.abp.org/mocapeds/2024-moca-peds-exam-content (Click Adolescent Medicine).

*In MOCA-Peds, the lowest performing four (4) quarters are dropped from the final score calculation. If performance at the end of three years is sufficient to reach the minimum passing standard, the fourth and fifth years can be taken as “off” years.

†A successful one-day examination in year 5 will satisfy the exam requirement and allow certification to continue beyond the end of year 5.
If your performance assessment indicates that the minimum passing standard was met after three or four years, then the examination requirement will be fulfilled and certification will continue. If the minimum passing standard is not met after four years, you will be required to sit for the one-day proctored examination by the end of year five to continue certification.

*In MOCA-Peds, the lowest performing four (4) quarters are dropped from the final score calculation. If performance at the end of three years is sufficient to reach the minimum passing standard, certification is restored and the fourth and fifth years can be taken as "off" years.

†A successful one-day examination in year 5 and beyond is the only option for satisfying the exam requirement following an unsuccessful MOCA-Peds attempt.

If your performance assessment indicates that the minimum passing standard was met after three or four years, then the examination requirement will be fulfilled, and certification will be restored. If the minimum passing standard is not met after four years, you will be required to sit for the one-day proctored examination to regain certification.

**Participation Details**

**GETTING STARTED.** Once all components of the candidate’s application are completed and all pending requirements are cleared, ABFM considers the candidate to be approved to participate in MOCA-Peds. ABFM will then transmit eligibility data to ABP to establish the candidate as a participant in the assessment. ABP will then reach out with instructions for establishing login credentials on the MOCA-Peds platform and details about participation. Enrolled physicians may begin answering questions on January 18, 2024. Participants will receive automated reminders from ABP at customizable intervals throughout the program.
While ABP has not designed MOCA-Peds to require extensive studying prior to beginning participation, they do encourage all participants to review the “Exam Content” section accessible from the MOCA-Peds dashboard. Each year ABP will provide Learning Objectives and Featured Readings. Up to two total questions from the Featured Readings can be expected to be delivered in a given year, but they won't begin until Quarter 2. The Learning Objectives list reflects the breadth of knowledge areas that will be covered in MOCA-Peds; review of this list may be helpful in identifying areas of strength or potential study.

ANSWERING QUESTIONS. Up to 20 multiple-choice questions will be available to answer at the beginning of each quarter through ABP’s delivery platform called MOCA-Peds. Participants will have 5 minutes to answer each question. The question set can be answered all at one time during the quarter or can be spread over multiple sessions within the quarter.

Questions that are viewed and answered will be counted correct or incorrect. Questions that are viewed but not answered will be counted incorrect. Questions that are not viewed during a quarter will be counted incorrect.

IMMEDIATE FEEDBACK. Once an answer is submitted for a question, you will be prompted to provide confidence and relevance ratings for the item. You will then be taken to a feedback page which will indicate whether the answer you submitted is correct or incorrect. The feedback page also provides the learning objective for the question, rationale, supporting references, peer comparison data and an opportunity to submit a comment related to the question. You may also review all answered questions later in the “Question History” section of the MOCA-Peds dashboard.

SUGGESTIONS FOR PARTICIPATION. MOCA-Peds replaces the need to sit for a one-day examination. However, we strongly encourage you to approach this assessment with the same level of focus and determination that you would give to the traditional examination. While we realize that sometimes factors beyond your control have the potential to disturb your assessment, here are a few key checkpoints that will help to minimize problems:

- **Device**: When answering questions, we suggest using a reliable laptop, desktop computer, or tablet that you are familiar with. While the questions will display on smart phones and other devices with internet browsing capability, your best option will be a laptop, desktop computer, or tablet.

- **Software**: The question delivery platform will be viewable through an ABP website, so you will be using an internet browsing program (Edge, Chrome, Firefox, Safari, etc.) to access the assessment. Be sure to have the most updated version of your web browser.

- **Internet Connection**: Be sure that you have a secure, stable, and reliable connection to the internet before you begin a question. A wired connection at your home or office will provide the best connectivity. A wi-fi connected computer or tablet with strong signal is your second-best option. We advise against the use of cellular networks as they can be less reliable.

- **Environment**: Create an environment conducive to taking an examination when answering questions. Remember that you will have a limited window of time to answer each question, so you want to eliminate as many potential distractions as possible. A few factors to consider: people, pets, electronic devices, telephones, time sensitive tasks, extreme weather conditions (power/internet outages), and your own health/safety. If you have printed or electronic resources you plan to use, make them accessible to yourself before you begin answering questions.

- **Support**: If you encounter issues at any time while participating in this assessment, contact ABP right away at 919-929-0461 or mocapeds@abpeds.org. ABP’s Support Center is available Monday - Friday, 8:30am – 5:30pm (Eastern).

**Assessment Administration Protocols and Procedures**

Participants may use printed or electronic resources (internet, resource materials, etc.) as they would in their normal day-to-day practice when answering questions. However, sharing question content in any form is strictly prohibited.
Sole Participation
The participant in MOCA-Peds is the sole individual permitted to complete the online application process and participate in the assessment. Allowing another individual to participate on your behalf is strictly prohibited.

Behavior
All participants must abide by the policies contained in the Agreement portion of this booklet. These policies provide guidelines for behaviors related to MOCA-Peds.

Content Security
Participants are prohibited from photographing, copying, printing, capturing screenshots, or otherwise reproducing assessment content in any way.

Participants are prohibited from communicating with others about the content of MOCA-Peds. Content includes questions, answer choices, critiques and references. Prohibited communication includes, but is not limited to:

- Seeking or receiving assistance in answering questions
- Providing assistance to other participants in answering questions
- Reconstructing content (in whole or in part)
- Discussing content with other individuals or groups
- Sharing electronic reproductions of content of any kind in any medium
- Sharing written reproductions of content of any kind in any medium

Guideline for Technical Issues
If an assessment is interrupted due to external causes or technological problems not controlled by the participant, ABP should be contacted immediately for assistance.

Post Assessment Issues
Statistical Analysis of Performance. Statistical evidence of suspicious results includes, but is not limited to, a grossly significant statistical improvement from one assessment to another, a response pattern of incorrect answers significantly similar to another participant, or such evidence that would strongly suggest that the content of the assessment has been exposed prior to or during the assessment. ABFM/ABP has the option to nullify results without refund if these kinds of results are detected using procedures generally accepted among the psychometric community for detecting such results. A cutoff of sixty days following results has been established by ABFM for follow-up with the candidate, review of statistical data, and examination of response data.

Consequences of Violations
Following the observation of and the action taken for an irregularity, ABFM staff will review and analyze all information at their disposal to confirm the occurrence of a violation. Exam results information will not be released while an irregularity is under investigation. If ABFM determines in its sole discretion that a violation of testing policy has occurred, the candidate will be notified. The candidate will be advised that the sanction for such a violation is ineligibility for up to six continuous years from the date of the violation. The physician will be informed also that they may request reconsideration of the action by the Professionalism Committee of the ABFM.

Assessment Results
Immediate Feedback. Once an answer is submitted for a question, you will be prompted to provide confidence and relevance ratings for the item. You will then be taken to a feedback page which will indicate whether the answer you submitted is correct or incorrect. The feedback page also provides the learning objective for the question, rationale, supporting references, peer comparison data and an opportunity to submit a comment related to the question. You may also review all answered questions later in the “Question History” section of the MOCA-Peds dashboard.
ONGOING FEEDBACK. ABP will provide ongoing details about your cumulative performance on the Dashboard page. Note that a cumulative scaled score will not be provided until the beginning of your second year of participation. The “My Performance” section of MOCA-Peds will provide a “bird’s eye” view of your performance over time as well as some more granular opportunities to identify areas of strength and weakness.

FINAL SCORE. The lowest performing four quarters will be dropped from your final score calculation. If performance at the end of three years is sufficient to reach the minimum passing standard, the fourth and fifth years may be taken as “off” years. If performance at the end of three years is not sufficient to reach the minimum passing standard, you may continue to answer questions in year four in an effort to raise your final score. If after four years of participation, your final score is below the minimum passing standard, you would remain certified through the end of year five, but would need to take and pass the one-day Adolescent Medicine examination to continue certification beyond year five.

Re-Examination

Participants whose performance falls below the minimum passing standard after completing MOCA-Peds will be required to take the one-day Adolescent Medicine examination at a secure proctored test center in their fifth year (2028).

Attempts at the one-day exam following an unsuccessful MOCA-Peds result will require completion of the online application process. If a second examination attempt provided under the certification process fees is available, the one-day examination attempt will require no additional fee. If the second exam attempt was previously used, then a reduced fee of 50% of the current full examination fee will be required. A successful one-day examination attempt in year five will satisfy the examination requirement and allow certification to continue beyond the end of year five.

Period of Certification

Once you have enrolled as a participant in MOCA-Peds, you are considered continuously certified in Adolescent Medicine without an end date. As long as you remain enrolled in MOCA-Peds, maintain your annual process fees, and maintain your ABFM Family Medicine certification, you will continue to be certified in Adolescent Medicine.

If for any reason primary certification in Family Medicine is not maintained (e.g., expiration, revocation, etc.), CAQ certification will simultaneously be withdrawn at the time of the loss of the primary certificate.

If process fees are not submitted on an annual basis, CAQ certification will be withdrawn.

Upon completion of MOCA-Peds with a successful final score, you will be expected to re-enroll for a new five-year cycle of assessment which would begin in 2029.

Upon completion of MOCA-Peds with an unsuccessful final score, you will need to take and pass the one-day Adolescent Medicine examination in 2028 to continue certification beyond year five. Physicians who are not successful in MOCA-Peds are not allowed to re-enroll in MOCA-Peds until they take and pass the one-day examination.

Continuous Certification Process Requirements

All participants will need to submit annual CAQ process fees and continue completing Family Medicine Continuous Certification Process requirements in the three-year stages to remain enrolled in MOCA-Peds. Note that continued certification is still contingent upon meeting the current and continuous three-year stage requirements for Family Medicine Certification.

Should a Diplomate not submit annual CAQ process fees and/or not complete the requirements for Family Medicine Certification during the established time frames (3-Year Stage), they will be removed from MOCA-Peds and they will lose their certification status. Physicians who are removed from MOCA-Peds may only regain CAQ certification by taking and passing the one-day examination.
Family Medicine Certification requirements are expected to alter over time and continued certification will be dependent upon adherence to the then current policies and procedures. It will be the Diplomate’s obligation to become and remain familiar with the Family Medicine Certification program rules.

**Revocation**

Each certificate issued by the Board of Directors of American Board of Family Medicine shall be subject to revocation in any of the following circumstances:

**General**

The issuance of such certificate or its receipt by the person so certified shall have been contrary to, or in violation of, any provision of the Articles of Incorporation of American Board of Family Medicine, Inc., or of the Bylaws of American Board of Family Medicine, Inc., as amended.

The person so certified shall not have been eligible to receive such certificate, irrespective of whether or not the facts constituting such ineligibility were known to, or could have been ascertained by, the Directors of ABFM or its representatives.

The person so certified shall have made a misstatement of fact in the application for such certificate or in any other statement or representation to ABFM or its representatives.

The person so certified shall at any time have neglected to maintain the degree of competency in the field of family medicine established by ABFM.

The person so certified has fraudulently altered, copied, or changed a certificate of American Board of Family Medicine, or has fraudulently presented, or allowed to be presented on behalf of the individual, an altered, copied, or changed certificate of ABFM, or has otherwise misrepresented the person’s certification status. In such cases, and in cases where the offending party is not currently certified, ABFM reserves the right to revoke, suspend, and/or prohibit participation in the Family Medicine Certification process and subsequent certification of the offending party for a period up to six (6) years from the date of discovery of the offense. In the event the individual timely appeals the suspension to the ABFM Professionalism Committee, the period not to exceed six (6) years shall be tolled until the action of ABFM is determined to be final.

**Professionalism, Licensure, and Personal Conduct**

A Diplomate or candidate of American Board of Family Medicine shall be required to be in continuous compliance with the ABFM Guidelines for Professionalism, Licensure, and Personal Conduct (“Guidelines”). Failure to comply with the Guidelines will result in loss of Diplomate status, loss of the ability to make application for the Family Medicine Certification Longitudinal Assessment or other examinations offered by ABFM.

In the event a Diplomate is no longer in compliance with the Guidelines, the physician must inform ABFM in writing and immediately cease self-identifying in any way directly or indirectly as a Diplomate of American Board of Family Medicine. Candidates for Adolescent Medicine MOCA-Peds and Diplomates of ABFM should be aware that ABFM receives periodic reports from the Federation of State Medical Boards regarding disciplinary actions by states against medical licenses. Should a physician be uncertain about whether or not they are in compliance with the Guidelines, a written inquiry should be made to ABFM immediately.

Any physician participating in the assessment that does not meet the Guidelines will have their assessment invalidated and the fee will be forfeited. Eligibility for examination will not be reinstated until the physician is in full compliance with the Guidelines. If any action by a licensing authority is taken after this application is filed, but prior to or during the assessment, it is still the responsibility of the candidate to report the action to ABFM. If a candidate is appealing a decision relative to their certification status to the Professionalism Committee, they are permitted to participate in the assessment with the understanding that if the appeal is unsuccessful, their assessment will be invalidated and the fee will be forfeited.
Authority

The Board of Directors of American Board of Family Medicine shall have sole power and authority to determine whether or not the evidence or information before it is sufficient to constitute grounds for revocation of any certificate issued by ABFM. The Board of Directors may, however, at its discretion, require any person so certified to appear before the Board of Directors, upon not less than thirty (30) days written notice by registered mail, and to show cause, at the time and place specified in such notice, why the certificate should not be revoked. The failure of any person so notified to appear as required in such notice shall, at the discretion of the Board of Directors, constitute cause for revocation of the certificate. The decision of the Board of Directors in all such matters shall be final.
ABFM strongly supports our Diplomates’ interests in maintaining the value of Board Certification through a variety of security measures, and especially through reliance on Diplomates’ sense of Professionalism and Integrity. The following agreement outlines the conditions regarding the administration of Adolescent Medicine MOCA-Peds (“MOCA-Peds”). You will need to verify on the application that you have read and understand this agreement. Your application will not be processed without this acknowledgement.

I certify that all the information in my examination application (“Application”) is complete and correct to the best of my knowledge and belief. In order to be granted continued certification, I understand I must continuously abide by the ABFM Guidelines for Professionalism, Licensure and Personal Conduct (“Guidelines”) in all respects which includes obtaining and maintaining medical licensure which meets the requirements of the Guidelines. Furthermore, I understand that the assessment for which I am applying is voluntary on my part and I voluntarily accept and agree without reservation to the conditions set forth in the Application and this Candidate Information Booklet. I understand that in making this Application I am voluntarily requesting that ABFM review and assess my professional standing and that the decision of ABFM in making such review and assessment shall be final.

I understand that in the event I am successful in MOCA-Peds and am in compliance with ABFM Guidelines, my Diplomate status will remain in effect as long as I meet all of the current and future Adolescent Medicine Certification requirements by the established deadlines and remain in continual compliance with the Guidelines. Furthermore, should I withdraw from MOCA-Peds for any reason after paying the required fee, the policy set forth in the current Candidate Information Booklet for MOCA-Peds shall apply.

If my Application to participate in MOCA-Peds is approved, I understand and agree to the following conditions:

1. I understand that I must complete a registration and enrollment process through ABP to be fully registered for MOCA-Peds.

2. All the assessment questions and all other assessment content and materials are the sole property of ABP subject to copyright and intellectual property protections afforded by law.

3. I understand that while actively viewing assessment questions and related information, I am permitted to use written (printed or electronic) resources as I would in my normal day-to-day practice.

4. I understand that I am prohibited from seeking or receiving assistance from other people in responding to assessment questions.

5. I understand that I am prohibited from helping other participants in responding to assessment questions.

6. I understand that I may not discuss the assessment with anyone.

7. With respect to all content related to MOCA-Peds, including questions, answer choices, rationales and references, I understand that I am prohibited from reconstructing content (in whole or in part), discussing content with other individuals or groups, sharing electronic reproductions of content of any kind in any medium, sharing written reproductions of content of any kind in any medium.

8. I understand that I must follow the terms of participation provided by ABP during MOCA-Peds, otherwise I risk being removed from the assessment.

9. ABFM/ABP is authorized by me to take all action they deem necessary and proper to administer the assessment securely, fairly and efficiently.

10. In addition, should I do anything prohibited by ABFM/ABP, or should I be in violation of ABFM/ABP policy set forth within this agreement and Candidate Information Booklet, my assessment scores will be invalidated.
11. I also agree to report to ABFM/ABP any examples I learn about in which questions or answers from MOCA-Peds questions and answers are shared in any form, and that failure to report such examples, will be reviewed as a violation of the ABFM Guidelines.

12. ABFM reserves the right to refuse participation to any physician after assessment has begun.

13. I understand that violation of this agreement will be addressed under the ABFM Guidelines which could result in loss of ABFM Board Certification.

I further understand and agree that ABFM may withhold or rescind approval of this Application, and in the event I continue certification as a Diplomate of ABFM, such certification may be revoked and my name deleted from the roll of ABFM Diplomates by order of the Board should it determine, in its absolute discretion, that:

1. Any of the information in this Application is false or contains material misrepresentations or omissions;
2. I am not in compliance with the ABFM Guidelines;
3. I fail to satisfy the criteria for certification.

I agree that ABFM may, at its discretion, release information contained in this Application, my assessment results and/or my assessment scores to researchers selected by ABFM to study the testing and evaluation programs of ABFM under appropriate conditions of confidentiality established by ABFM. Aside from research purposes, I understand that my individual and identifiable assessment results and scores will be considered by ABFM to be confidential, and, unless authorized by me, will not be released to others except pursuant to legal process.

I agree to release and to hold ABFM/ABP, its physicians, examiners, employees, officers, directors, and agents free from any complaints, claims or demands for damage or otherwise by reason of any act of omission or commission that they, or any of them, may take in connection with this Application, assessment administration, the grade or grades given with respect to my assessment, the failure of ABFM to issue me such certificate, the subsequent revocation of any certificate issued to me by ABFM, or my continued eligibility for Adolescent Medicine Certification. I agree that ABFM retains the right to deny, revoke, withdraw or suspend certification because of my failure to gain or remain eligible under periodically established ABFM policies.

I shall indemnify and hold harmless ABFM/ABP, its physicians, examiners, employees, officers, directors, and agents from any claims or liabilities, including reasonable attorneys’ fees and costs arising from my breach of this Agreement.

I hereby understand and agree that in the event I am certified as a Diplomate of the American Board of Family Medicine, that certification shall continue only for so long as I continue to meet all the current and future Family Medicine and Adolescent Medicine Certification requirements and continue to be in compliance with the Guidelines for Professionalism, Licensure, and Personal Conduct (“Guidelines”). I further understand and agree that in the event I am no longer in compliance with the Guidelines for any reason or any term, I shall advise ABFM in writing at 1648 McGrathiana Parkway, Suite 550, Lexington, Kentucky, 40511-1247 and immediately cease identifying myself in any way directly or indirectly as a Diplomate of the American Board of Family Medicine.

I understand and agree that the decision as to whether my assessment qualifies me for a certificate or whether I continue to meet the conditions of eligibility for Adolescent Medicine Certification rests solely and exclusively with ABFM and that its decision is final.

Arbitration of Disputes

I agree that any case, controversy or dispute which may arise between myself and ABFM in connection with the application process, assessment and/or my continued eligibility for Adolescent Medicine Certification shall be settled and resolved by binding arbitration under the then prevailing rules of the American Arbitration Association (“AAA”). The arbitration dispute must be filed in Lexington, Kentucky. The decision of the arbitrators shall be final and binding, and judgment may be entered on the award of the arbitrators and enforced in any court of competent jurisdiction. Notwithstanding the foregoing, ABFM may seek injunctive relief in any court of competent jurisdiction as ABFM determines, in its sole and absolute discretion, to be necessary or appropriate to protect the integrity and/or content of any assessment.
Governing Law

I agree that any case, controversy, or dispute which may arise between myself and ABFM in connection with the application process, the assessment, or my continued eligibility for Adolescent Medicine Certification shall be governed in all respects by the laws of the Commonwealth of Kentucky, without regard to the choice of law rules of such jurisdiction. I hereby submit and irrevocably consent to the exclusive jurisdiction and venue of the state and federal courts located in Lexington, Kentucky for purposes of any legal action that may arise in connection with the application process, the assessment, and/or my continued eligibility for Family Medicine Certification.

By my acknowledgment on the online Application Form, I intend to be legally bound by the foregoing.
